LA	Lead Applicant
LP	Lead partner
MA	Managing authority
MC	Monitoring committee
JS	Joint secretariat
NA	National authority
PP	Project partner

Online submission system

If you decide to apply your project for financing under our programme, you will have to submit your application online through a dedicated online platform, called **eMS** (*electronic monitoring system*) and accessible at the following URL:

<http://ems-rohu.mdrap.ro/app/main?execution=e1s1>

Also, this system will be used for assessment, contracting, sending and validating expenditures and approving progress reports of the partners and project. Your project's implementation will be monitored through this online platform.

Technical information and system requirements

The eMS is a web application which can be accessed with recent versions of most common browsers (e.g. at least Internet Explorer 11, Firefox 35, Chrome 39).

The functionality of the system follows the common standards of web applications for entering and submitting form data.

Please pay attention to the following important aspects that have to be remembered when filling in the AF:

- ✓ The eMS does not provide any warning or request of confirmation before leaving a section of the AF or before logging out;
- ✓ Always remember to save the data before leaving any section in the AF (Save button on upper left corner  or at the end of the page  otherwise data will be lost!;
- ✓ When filling in longer sections, please remember to regularly save data, in order to avoid losing data in case of interruptions of the internet connection or other technical issues;
- ✓ **Do not use the “Enter”** key in the forms as it may lead to unexpected results. Always use the commands provided by the eMS interface;

- ✓ The generation of pdf files might take some time. Please wait until the pdf-file appears in the file browser or in a new window. Activating the pdf generation again might slow down the system;
- ✓ Some fields in various (sub-) sections will be automatically filled in (grey cells) by the system by using data inserted in other sections of the AF or which are automatically calculated;
- ✓ To a certain extent, it is possible for different users to work in parallel (at the same time) on the same AF, but when the users are working in parallel, they have to be sure that they are not working in the same section or sub-section (in case that more than one applicant is filling in the AF). Filling in the AF by more than 1 user is not recommended at the same time!

PART A – Registration

To use the eMS, **the Lead Applicant or applicant** must register and activate a user account as follows:

1. To register, go to [http://ems-](http://ems-rohu.mdrap.ro/app/main?execution=e1s1)

[rohu.mdrap.ro/app/main?execution=e1s1](http://ems-rohu.mdrap.ro/app/main?execution=e1s1) and click on the button.

The person registering should be preferably the contact person or the project manager of the Lead Applicant institution/organization.

A screenshot of a web browser showing the login page of the eMS system. The browser's address bar shows the URL "ems-rohu.mdrap.ro/app/main?execution=e1s1". The page has a blue header with the "Interreg Romania-Hungary" logo. On the left, there is a sidebar with "Login" and "Registration" links, and a logo for "ems electronic monitoring system" developed by "INTERACT". The main content area is titled "Login" and contains fields for "Username" and "Password". Below these fields are three buttons: "Login", "Register", and "Forgot Password". The "Register" button is circled in red. Below the buttons, there is a "Disclaimer" section stating "Please note! This instance of e-MS is only for testing." and a "Registration of the users" section with a list of instructions. At the bottom, there is a "Confidentiality policy" section.

2. In the registration form, fill in the following information:

Registration

Description	
Username	firstname.lastname
Email *	firstname.lastname@mail.
Password *	*****
Password Again *	*****
Firstname *	Firstname
Lastname *	Lastname
Title	expert / institution
Language	EN ▼

 Register

- *Username:* will be used to log in the eMS. It can be freely chosen by the registering person, but we strongly recommend to have this format ***firstname.lastname*** in order to be easily to remember;
- *E-mail:* the email address of the contact person from Lead Applicant or applicant. The E-mail registered in the eMS must be the active and official address (e.g. ***firstname.lastname@mdrap.ro***);
- *Password:* the password used to access the system should be a strong and complex one (a combination of alphanumerical characters and symbols).
- *First name/Last name:* Personal information of the contact person from the Lead Applicant or applicant;
- *Title:* The title and the institution you are working for

- *Language:* English is the pre-defined programme's official language. It cannot be changed.

Following the registration, the Lead Applicant institution/organization must send an official email (an official address from the institution email) to joint.secretariat@breacoradea.ro to inform the JS about the new user. The minimum required information are: firstname and lastname, telephone and email of the person designated to use the new user.

Please be aware that those users who do not respect the required format of the username will be deactivated!!!

Upon registering and accessing the system, the user agrees to the terms of service for using the eMS.

3. After clicking the "**Register**" button, the system automatically generates an e-mail (on successful submission) with the necessary instructions that will be sent to the e-mail address provided during the registration process. To activate the account follow the instructions in the message to confirm the registration.

Hello,

In order to activate your account please click the following link:

<http://ems-...uid=2&hash=2c206bbbed9934476e931b7beff17c7c>

Best regards,
e-MS Team

4. Only after the user account activation and validation email received by JS from Lead Applicant or applicant institution/organization, the new user of Lead Applicant or applicant will be able to log in to the eMS.
5. In case the password is forgotten, it can be reset using the button  **Forgot Password** in the username and clicking the button  **Reset Password**

Reset Password

Username

Reset Password

Please note that only the Lead Applicant can create and submit an application. The applicant can read or add/modify data in the AF, only if the Lead Applicant gives the necessary permissions.

PART B – Login

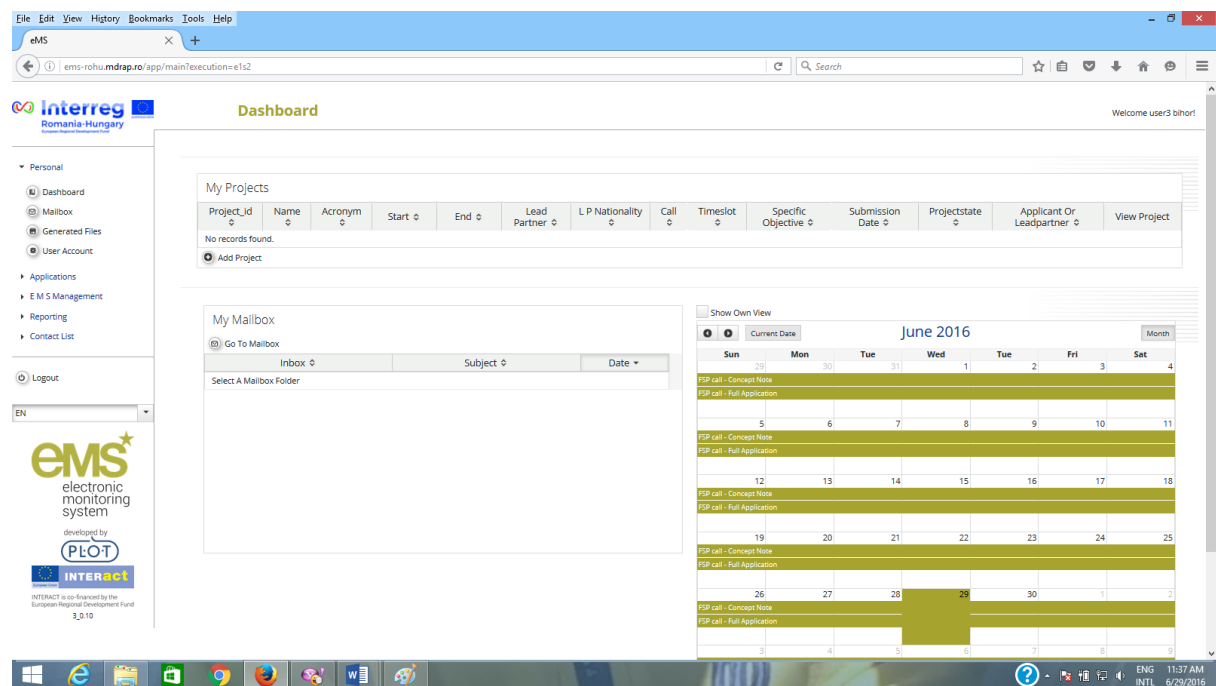

1. After filling in the *Username* and *Password*, the user has to click on the  **Login** button to enter in the Dashboard;

Username* firstname.lastname

Password*

 Login  Register Password required

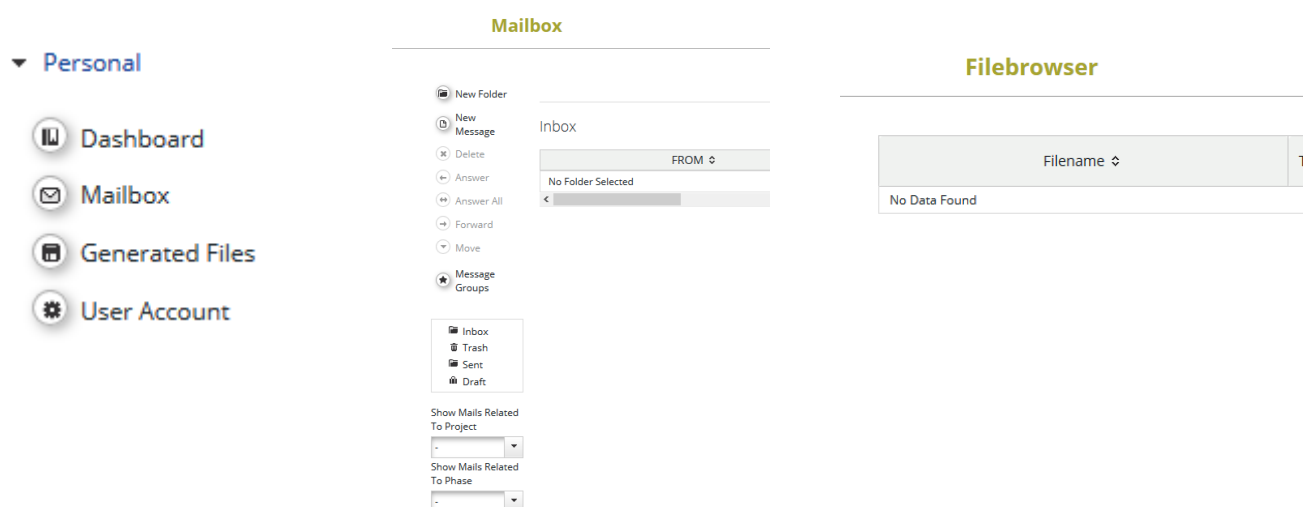

2. The first page accessed by the user of the Lead Applicant or applicant is the dashboard, where the user can find the following sections:

➤ **Menu:** placed in the left side of the screen, it has at least 3 items visible: *Personal*, *Applications* and *EMS Management*:

i. **Personal** menu has 4 functions available:

- **Dashboard** – by clicking on the  **Dashboard** button it shows dashboard;
- **Mailbox** – by clicking on the  **Mailbox** button it goes to the Mailbox window, from where the user of the Lead Applicant or applicant can use the internal mail function of the eMS as a normal e-mail, with the remark that the senders and receivers must be internal users of the system;

- **Generated files** – accessed by clicking on the  **Generated Files** button

This section shows in pdf format a report generated by the system based on a template that presents all the AF data recorded in the eMS;

- *User account* – can be accessed by clicking on the  **User Account** button

In this section the user can update his information (except the Username and email which cannot be changed by the user), change password, configure mail signature and dashboard.

ii. **Applications** menu has 2 functions available:

- *My applications* – by clicking on the  **My Applications** button the system goes to the projects list added by the Lead Applicant in the eMS;
- *Bookmarked applications* - by clicking on the  **Bookmarked Applications** button the system shows only the projects already bookmarked using the  **Bookmark** button from the last column of the projects list.

▼ **Applications**

-  **My Applications**
-  **Bookmarked Applications**

▼ **E M S Management**

-  **Calls**

iii. **EMS Management** menu contains the function Calls. Clicking on the button

-  **Calls** it shows both the open and closed calls.

Calls

Name ↕	Start ↕	End ↕	Description ↕	Attachments	
Call test 1	09.03.2016	30.03.2016	Call test		Apply
Call test 2	01.03.2016	31.03.2017	call test 2		Apply

Please note that the Lead Applicant can submit the saved project's AF only if the call is still open!

Applicants are advised not to submit their AF at the very last minute before the closure of the Call. Submission will no longer be technically possible after the announced deadlines of the Call. As submission is feasible from any internet connection, no exception to this rule will be granted.

- *My projects:* a section where the Lead Applicant is able to add a new project by clicking on the butt **Add Project** and sees his projects already recorded in the eMS.

My Projects													
Project_id ↕	Name ↕	Acronym ↕	Start ↕	End ↕	Lead Partner ↕	L P Nationality ↕	Call ↕	Timeslot ↕	Specific Objective ↕	Submission Date ↕	Projectstate ↕	Applicant Or Leadpartner ↕	View Project
No records found.													
Add Project													

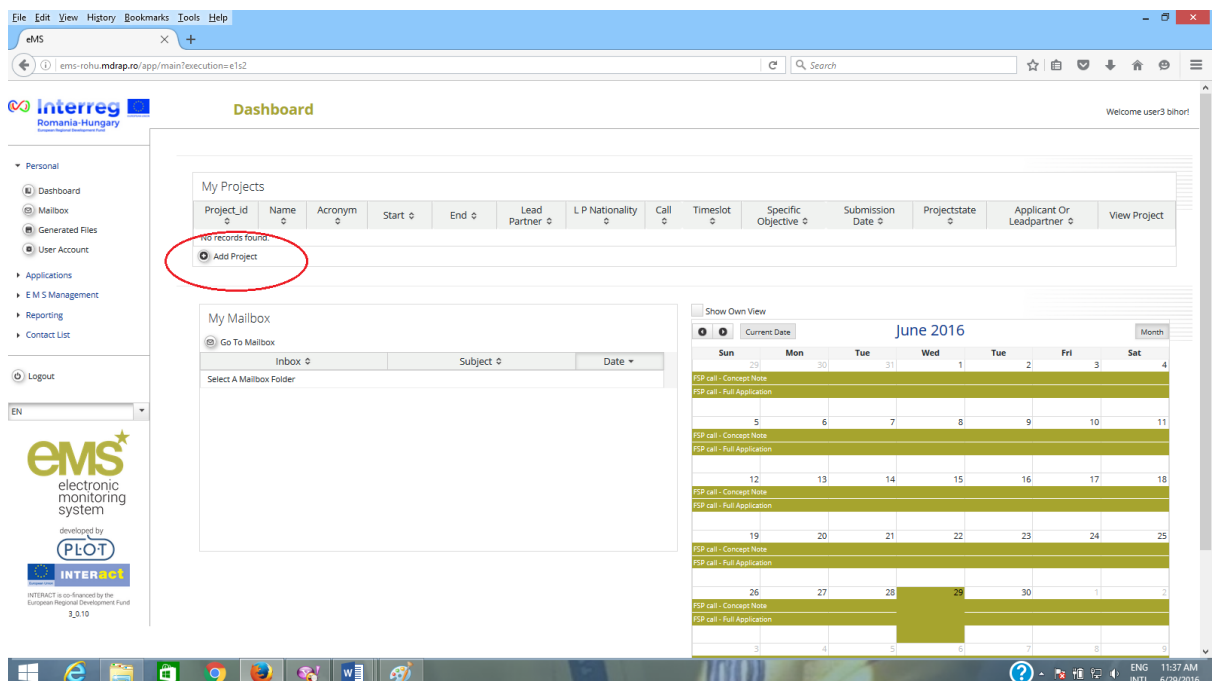

- *My Mailbox:* a section where the Lead Applicant can see all the messages received and from where can go to the Mailbox window by clicking on the button **Go To Mailbox**

My Mailbox		
Go To Mailbox		
Inbox ↕	Subject ↕	Date ▼
Select A Mailbox Folder		

- *Calendar:* this section shows the current date and the open calls marked with the yellow line and name.

PART C – How to add a Project

1. In order to add an application (project) in the eMS, **the Lead Applicant** shall go to the Dashboard and in the section My projects will click on the button  **Add Project**

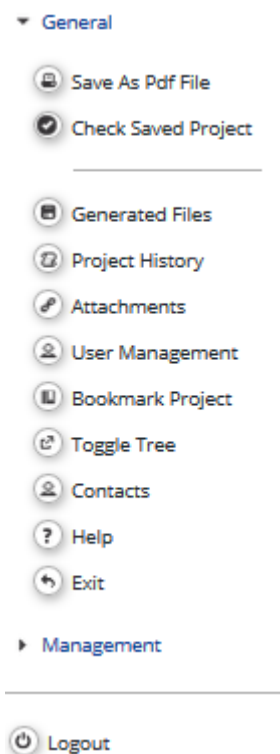

The system will open the Call function from where the applicant will choose the appropriate open Call (the button  **Apply** is active) and click on it to open the AF.

Calls

Name	Start	End	Description	Attachments	
Call test 1	09.03.2016	30.03.2016	Call test		 Apply
Call test 2	01.03.2016	31.03.2017	call test 2		 Apply

2. After click on the  **Apply** button, the system will open the AF section with a save but  **SAVE**, two menus *General and Management* in the left side of the screen and sections (tabs) of the AF in the upper part.

*i. **General menu** includes the following functions: *Save As Pdf File, Check Saved Project, Generated Files, Project History, Attachments, User Management, Bookmark Project, Toggle tree, Contacts, Help and Exit.**

- *Save As Pdf File* – by clicking on the  **Save As Pdf File** button the system generates a pdf file that brings all the data found in the AF. The system will inform the user with the message and the file can be found in the Generated Files section;

Project Summary	Partner	Project Description	Workplan	Project Budget	Project Budget Overview	Attachments
-----------------	---------	---------------------	----------	----------------	-------------------------	-------------

Mod Number	Status	Date Of Approval Rejection	Valid Af	Type Of Modification	Who Decided	Date Of Signature Of Subsidy Contract	Number Of Contract Amendment	Comment	Attachment	Attachment Description	Attachment Upload Date	Attachment Uploaded By	Compare
0	CHECKED												

Save

- *Generated Files* – clicking on the **Generated Files** button, the system will open a window where are listed all the pdf files of the AF **Save As Pdf File** generated after clicking the button.

Generated Files

Filename ↕	Type	Size ↕	Last Change ↕	
AF ROBG-19 MYFP 20160608 150600.pdf	File	79.25 KByte	08.06.2016 15:06:00	

- *Project History* - shows the history of the projects, counting each version of the AF based on the modifications and the status of the AF. **Attachments**
- *Attachments* - clicking on the button the system opens the attachments section of the AF.

Project Summary > Partner > Project Description > Workplan > Project Bud

- *Contacts* – this  **Contacts** button will pop up a window with a list of all project contacts assigned for the respective project. Also, this function allows to send e-mails to the project contacts  **Send** by clicking the button after selecting the username.

Project Contacts 

Select	Role In The Project	Username
<input type="checkbox"/>	Lead Applicant	firstname.lastname

 **Send**

Please note that the list will be updated while more users are assigned to the project!

- *Help* – this  **Help** button is a contextual menu and will open a popup window with a description of the section selected by  **Exit** the user.
- *Exit* – the button will return the user to the dashboard where it can be seen the list with all the projects recorded by the Lead Applicant in eMS.

ii. Management menu has only the function of deleting the project at this stage

 **Delete Project**

Please note that the applicant cannot delete the application after submission!

After the Lead Applicant (or other user with granted access) fills in all the sections and subsections of AF, the application has to be  Check Saved Project checked by clicking on the but  Submit Checked Project by clicking on

If any issues are found after clicking button  Check Saved Project such as missing or wrong data, you will need to correct this before you can save and check it again.

Before submitting the application the system will pop up a confirmation message to warn the Lead Applicant that process is irreversible.

Also, the Lead Applicant will be notified by e-mail that the application was successfully submitted.

My Mailbox		
 Go To Mailbox		
Inbox ⇅	Subject ⇅	Date ▼
admin	Application Submitted	13.06.2016 11:15:05

Please note that only the user who initially created the AF (i.e. the Lead Applicant) can submit the AF of the project.

The AF which has been successfully submitted is final and cannot be changed anymore (it will only appear in read-only mode in the system).

You can submit the application until the time and date of the call deadline, Bucharest time (EET). Please take time zone differences into account!!!

PART D – How to fill in the application form (AF)

The AF has to be filled in English as this is the working language of the programme.

The structure (and content) of the AF is as follows:

1. *Project Summary*
2. *Partner*
3. *Project Description*
4. *Workplan*
5. *Project Budget*
6. *Project Budget Overview*
7. *Attachments*

Please note that in order to fill in the AF the Lead Applicant has to follow the arrows, section by section (starting with the Project Summary section and finishing with the Attachments)!

Section A: Project Summary

This is the starting point for the application form. The application will not be created until this first tab in the application form has been completed and saved. You will then have access to the other tabs.

After completing the first tab “Project summary”, click on **“Save”** button in the top-left corner.

Short Overview *

After completing other sections in the application form, this tab will show a complete project summary.

The tables contain the name of the AF fields and instructions regarding the information to be fill in.

Please note that the fields may differ, according to the Call configuration!

Fields name	Fill in instructions
<i>Project Identification</i>	
Programme Priority:	Indicate which Priority Axis of the Programme the project aligns with.
Specific Objective:	Select one specific objective your project is contributing to.
Project Acronym	Abbreviation of the project name.
Project Title	State the title of the project. This will be the official name of the project during its implementation.
<i>Project Number (autonumber)</i>	
Project Duration	Indicate the number of months.
Start Date	Indicate the expected start date of project activities.
End Date	Indicate the expected end date of project activities.
<i>Project Summary</i>	
Short overview	<p>This summary delivers the first impression of the project. In case the project is approved, this summary will also be used by the programme for communication purposes, therefore make sure the text will be understandable by a non-expert audience and will be informative and appealing.</p> <p>Please give a short overview of the project and describe - the common challenge of the programme area you are jointly tackling in your project; - the main overall objective of the project and the expected change your project will make to the current situation; - the main outputs you will produce and who will benefit from them; - the approach you plan to take and why is cross-border/ transnational approach needed - what is new/original about it?</p>

The application form can only target one priority axis and one programme specific objective of the Interreg V-A Romania-Hungary Programme.

neutral

Equal opportunity and non-discrimination

neutral

Equality between men and women

neutral

Increased use of sustainable procurement

neutral

Usage of green infrastructure

neutral

Consideration of life cycle costs of investm

neutral

 Save

The horizontal principles must be incorporated in every project and at all stages. Understanding and demonstrating equality issues and sustainability is highly relevant to all applicants and will influence the assessment process.

Fields name	Fill in instructions
Sustainable Development (environment)	Please list your project's contributions to the horizontal principle, and indicate whether your choice is neutral or positive.
Equal opportunity and non-discrimination	Please list your project's contributions to the horizontal principle, and indicate whether your choice is neutral or positive.
Equality between men and women	Please list your project's contributions to the horizontal principle, and indicate whether your choice is neutral or positive.
Increased use of sustainable procurement	Please list your project's contributions to the horizontal principle, and indicate whether your choice is neutral or positive.
Usage of green infrastructure	Please list your project's contributions to the horizontal principle, and indicate whether your choice is neutral or positive.
Consideration of life cycle costs of investment	Please list your project's contributions to the horizontal principle, and indicate whether your choice is neutral or positive.

Please click **SAVE** button before leaving the page!!!

Section C.5 Project Risks

The screenshot displays the eMS Application Form interface. The navigation bar at the top includes tabs for Project Summary, Partner, **Project Description** (highlighted with a red arrow), Workplan, Project Budget, Project Budget Overview, and Attachments. The left sidebar contains a 'SAVE' button and a list of management options. The main content area is titled 'Project Risks' and shows a form for 'Risk 1' with fields for Start Date, End Date, Risk Impact (set to 'low'), and Risk Likelihood (set to 'not likely'). Below these are text areas for 'Title', 'Project Description', and 'Project Mitigation'. A 'Save' button is located at the bottom left of the form area. The bottom of the screen shows the Windows taskbar with various application icons and the system clock indicating 12:18 PM on 6/29/2016.

Fields name	Fill in instructions
Risk 1	Please list your project's risks

Section D: Workplan

Section D.1. WorkPackage List

The screenshot shows the eMS Application Form interface. The top navigation bar includes 'File', 'Edit', 'View', 'History', 'Bookmarks', 'Tools', and 'Help'. The main header displays 'eMS' and the URL 'ems-rohumdrap.ro/app/main?execution=e1s13'. The left sidebar contains a 'General' section with options like 'Save As Pdf File', 'Check Saved Project', 'Generated Files', 'Project History', 'Attachments', 'Modification Request', 'User Management', 'Bookmark Project', 'Toggle Tree', 'Contacts', 'Help', 'Exit', and 'Logout'. The main content area shows the 'Workpackage List' section, which includes a 'PREPARATION' section with a 'Create Preparation' button and a 'MANAGEMENT' section with a 'Management' dropdown menu. A red arrow points to the 'Workpackage List' dropdown menu. The bottom section shows a 'Timeline' table with columns for dates from June 29 to July 5, 2016, and rows for 'WP M: Project Management (Management)' and 'Show Activities' and 'Show Deliverables' checkboxes.

In addition to project description in Part C, all projects are requested to submit a description of the different work packages that the project partners have developed to structure their activities. The information entered in this section will form the basis for the project monitoring.

One standard work packages have been pre-defined:

□ Work package 1, “Project Management”, consists of operational and strategy activities such as governance, daily management of the project and reporting and monitoring.

To edit the workpackage, click on the magnifying glass.

Work packages 2-7 are project specific, and should include descriptions of all other activities.

After filling in the work packages, a Gantt chart will appear at the bottom of this page. This is considered to be an indicative plan and the Joint Secretariat will exercise flexibility (within reasonable limits) when monitoring project activities.

Please note that there are two options for defining workpackages:

- 1. At project level: WP Preparation, Management and Communication**
- 2. At partner/ type of activity level: WP Implementation and Investment**

WorkPackage Preparation

To activate the Work Package Preparations please click on the q sign (magnifying glass)

The screenshot displays the 'eMS Application Form' interface. The top navigation bar includes 'Project Summary', 'Partner', 'Project Description', 'Workplan', 'Project Budget', 'Project Budget Overview', and 'Attachments'. The 'Workpackage List' section shows a 'PREPARATION' tab with a 'Create Preparation' button and a magnifying glass icon. Below it, the 'MANAGEMENT' tab is active, showing a table with columns for dates (Jun.2016, Jun.2016) and a 'p' icon. The 'Timeline' section shows a Gantt chart with dates from June 29 to July 5, 2016, and a table with columns for dates and a 'p' icon. The interface also includes a sidebar with 'General' and 'Management' sections, a 'Logout' button, and a footer with the 'eMS electronic monitoring system' logo.

Fields name	Fill in instructions
<i>Wp Details</i>	
Wp Start	Please insert the start date of the preparation activities ³
Wp End	Please insert the end date of the preparation activities ⁴
Partner	Please select the partners with preparation activities
<i>Summary</i>	
Summary Description	Please describe briefly the project preparation activities for each partner.

Please pay attention to Start Date and End Date of the preparation activities because they will define period 0 of the project.

Please click **SAVE** button before leaving the page!!!

WorkPackage Management – Standard

³ Starting with 1st of January 2014

⁴ The end date of the preparation activities is the submission date of the application form

To activate the Work Package Management, please click on the  sign (magnifying glass)

The screenshot shows the eMS Application Form interface. The top navigation bar includes 'Project Summary', 'Partner', 'Project Description', 'Workplan', 'Project Budget', 'Project Budget Overview', and 'Attachments'. The 'Workpackage List' section is active, showing a 'PREPARATION' section with a 'Create Preparation' button and a 'MANAGEMENT' section with a 'Management' button. A red arrow points to the magnifying glass icon in the 'Workpackages Defined' row. Below the 'Workpackage List' is a 'Timeline' section with a table showing dates from June 29 to July 5, 2016. The table has columns for 'Wp M: Project Management (Management)', 'Show Activities', and 'Show Deliverables'. The bottom of the screen shows the Windows taskbar with various application icons and the system clock.

The screenshot shows the eMS Application Form interface. The top navigation bar includes 'Project Summary', 'Partner', 'Project Description', 'Workplan', 'Project Budget', 'Project Budget Overview', and 'Attachments'. The 'Management M' section is active, showing a 'Wp Details' section with 'Project Management' details. The 'Partner' section is expanded, showing 'Wp Responsible Partner Selection' and 'Partners Involvement Selection'. The 'Description' section is also expanded, showing 'Activities Contribution Strategy' and 'Activity A.M.1'. The bottom of the screen shows the Windows taskbar with various application icons and the system clock.

Fields name	Fill in instructions
<i>Partners</i>	
Select the WP Responsible Partner	Please choose the partner responsible for the Work Package from the list.
Select Partners Involved	Please select other partners involved.
<i>Description</i>	
Describe how the management on the strategic and operational level will be carried out.	Please describe how the management on the strategic and operational level will be carried out in the project, specifically: structure, responsibilities, procedures for the day-to-day management and co-ordination and communication within the partnership reporting and evaluation procedures risk and quality management. Indicate whether the management is foreseen to be externalized.
<i>Activity A.M.1... (autonumber</i>	
Activity Title	Fill in the activity title for each partner (at least one activity for each partner)
Indicative budget	Fill in the budget for the activity (management team at partner level)
Start Date	Enter the envisaged start date for the activity
End Date	Enter the envisaged end date for the activity.
<i>Activity Description</i>	
Description	Please give a brief description of the activity. Describe the role and responsibilities for each management team member (indicating the number of hours/day or month/member team) for each partner.

	Make sure you indicate the estimated budget/activity. In case of partner meetings and other project events, please indicate where they are envisaged to take place.
Add Deliverable	Click on this button to add deliverable.
Deliverable D.M.1 + Target Value	Please describe the deliverable and the target value if there are any.
Add Activity	Click on this button to add more activities.

E.g.:

- Activity AM1 – The management team of the LP
- Activity AM2 – The management team of the PP2
- Activity AM3 – The management team of the PP3 ...
- Activity AM4 – Meetings of the management team, etc.

The activities and the related staff costs for the internal experts (others than the management team) members of the implementation of the projects, will be detailed under *Work Package Implementation / Work package Investment*, within budget line *Staff costs*.

Please click **SAVE button before leaving the page!!!**

Work Package Communication

Work package, “Communication”, consists of external communication, and all other tasks associated with *the* project’s outward project communication activities, dissemination tools, and associated communication deliverables.

To activate the Work Package Communication, please click on the + sign.

Work Package Implementation⁶ – Project Specific

The activities not related to **Work packages Management, Communication and Investment** must be described under **Work package Implementation**.

To activate the Work Package Implementation, please click on the + sign.

The screenshot shows the 'Application Form' for project ROHU17. The 'Workplan' tab is active. The 'Workpackage List' section displays a table with columns for 'MANAGEMENT', 'No Workpackages Defined', and 'COMMUNICATION'. The 'MANAGEMENT' column has a dropdown menu with 'Management' selected. The 'No Workpackages Defined' column has a dropdown menu with 'New Implementation' selected. The 'COMMUNICATION' column has a dropdown menu with 'Create Communication' selected. A red arrow points to the '+' button next to 'New Investment' in the 'No Workpackages Defined' column. Below the table is a 'Timeline' section with a calendar view for June 2016. The timeline shows dates from Wednesday, June 29 to Tuesday, July 5. The 'WP M: Project Management (Management)' activity is listed for Wednesday, June 29. The timeline also includes checkboxes for 'Show Activities' and 'Show Deliverables'.

⁶ The Workpackage Implementation shall be define at partner level and activity types.

The **Workpackage Implementation** shall be define at partner level and activity types.

E.g.:

- WP Implementation LP external services (at budget line *External expertise and services*),
 - WP Implementation PPx external services (at budget line *External expertise and services*),
 - WP Implementation LP equipment (at budget line *Equipment*),
 - WP Implementation PPx equipment (at budget line *Equipment*),
 - WP Implementation LP internal experts (at budget line *Staff costs and Travel and accommodation* if the case),
 - WP Implementation PPx internal experts (at budget line *Staff costs and Travel and accommodation* if the case),
- etc.

Add Activity	Click on this button to add more activities.
--------------	--

The equipment mentioned under the present WP shall be related to project implementation activities.

Attention! In case there are deviations from the estimated amounts for the planned activities, in order to ensure the project's sound financial management and focusing on reaching the envisaged output indicators, the Programme recommends these are of maximum 20%. However, in case such deviations occur, the budget chapters shall not be affected.

Be advised that the Application Form is structured based on work-packages, which comprise activities and sub-activities, either on project level (WP Preparation, Management and Communication) or on partner level (WP Implementation and Investment). For each activity/sub-activity you shall provide enough details in terms of methodology of implementation, estimated deliverable and indicative budget.

If summed-up, all the indicative amounts on activity/sub-activity level equal the related budget chapter, on partner level. Consequently, the summed-up partners' budgets equal the project budget.

According to the Subsidy Contract, any modifications of the budget lines (in this case to be read as chapters) will require addenda. However, the subdivisions (activities/sub-activities) budgets can, therefore, as already explained, be modified up to a threshold of maximum 20%.

Please click **SAVE button before leaving the page!!!**

Work Package Investment⁷ – Project Specific

⁷ The Workpackage Investment shall be define at partner level and investment type.

To activate the Work Package Investment, please click on the + sign.

The screenshot shows the eMS Application Form interface. The top navigation bar includes 'Project Summary', 'Partner', 'Project Description', 'Workplan', 'Project Budget', 'Project Budget Overview', and 'Attachments'. The 'Workplan' tab is active. The 'Workpackage List' section displays a table with columns for 'MANAGEMENT', 'Implementation', and 'Investment'. The 'Implementation' column shows 'New Implementation' and the 'Investment' column shows 'New Investment'. A red arrow points to the '+' icon next to the 'New Investment' button. The 'Timeline' section below shows a calendar view for June 2016, with dates from Wednesday 29 to Tuesday 5. The 'WP M: Project Management (Management)' is listed for Wednesday 29. The 'Show Activities' and 'Show Deliverables' checkboxes are checked.

The screenshot shows the eMS Application Form interface with the 'Investment I1' details. The 'Wp Details' section is highlighted in pink. The 'Title' field is empty. The 'Wp Start' and 'Wp End' fields are both set to 'Jun.2016'. The 'Partner' section shows 'Wp Responsible Partner Selection' with a dropdown menu. The 'Partners Involvement Selection' section shows a table with columns for 'Name', 'Role', and 'Abbreviation'. The table is empty, with the text 'No records found.' below it. The 'Summary Investment' section shows a text area for 'Summary Investment Description'.

Section D.3. Define Periods

The screenshot displays the 'Define Periods' section within the eMS application. The breadcrumb trail indicates the user is in the 'Workplan' section. The 'Define Periods' section shows a table with columns: (Automatic) Start Date, End Date, Reporting Date, and a Remove button. The first row shows dates 29.06.2016, 29.06.2016, and 29.06.2016. Below the table, there is a 'PROJECT END (31.10.2017)' section with an Add button. The left sidebar contains a 'SAVE' button and a list of menu items under 'General' and 'Management'. The bottom status bar shows the user is logged in as 'user3 bihort' and the date is 6/29/2016.

- after

In this section, you will define the reporting periods for the project. Important: the reporting periods form the basis for the project budget. If you do not create any periods, you cannot enter the project budget!

The reporting periods depends on project implementation period. Further to this, if you create the periods incorrectly (i.e. too many or too few periods), this will have major consequences for entering the budget data

Fields name	Fill in instructions
Add	Please click the + sign to create a new reporting period.
Start Date (automatic)	Period 0 represent preparation period. Period 1 starts with the project start date. Note: when you change the project start date, you have to refresh the reporting periods by clicking on "Recalculate Periods"
End Date	The end date should be set 3 month for projects under 18 months and 4 month for projects exceeding 18 months. The final period ends with the project end date.
Reporting Date	The reporting date is 15 working days after the end date of the reporting period. Note: the reporting date for the final report is 30 working days after the project end date!!!

Please click **SAVE** button before leaving the page!!!

Section E: 1-3. Project Budget

E1. Partner budget

The screenshot shows the eMS Application Form interface. The 'Project Budget' tab is selected, and the 'Partner List' table is displayed. The table has columns for Number, Name, Abbreviation, Role, and Budget. The 'Budget' column contains two buttons: 'Define Budget' and 'Define Contribution'. A red arrow points to the 'Project Budget' tab, and a red circle highlights the 'Define Budget' and 'Define Contribution' buttons.

Number	Name	Abbreviation	Role	Budget
1	RO Partner	ROMANIA	Lead Partner	Define Budget Define Contribution
2	HU Partner	ROMANIA	Project Partner	Define Budget Define Contribution

Note: For each partner, you should define BOTH the budget AND the contribution (match funding)! Remember that the project costs and the project finances should balance. You can check this on the tab "Project Budget Overview".

All costs for each partner must be entered per period and per workpackage.

Before you enter any costs, please double check, that the reporting periods are correct!

Section F. Project Budget Overview

It is automatically filled in with all previously entered data.

The screenshot shows the eMS Application Form interface. The top navigation bar includes 'Project Summary', 'Partner', 'Project Description', 'Workplan', 'Project Budget', and 'Project Budget Overview' (selected). The left sidebar contains various management options like 'Save As PDF File', 'Check Saved Project', 'Generated Files', 'Project History', 'Attachments', 'Modification Request', 'User Management', 'Bookmark Project', 'Toggle Tree', 'Contacts', 'Help', and 'Exit'. The main content area displays the 'Project Budget Overview Partner BI' table, which shows budget details for various categories like Staff costs, Office and administration, Travel and accommodation, External expertise and services, Equipment, and Infrastructure and works. The table includes columns for Partner, Co-financing Source, Staff costs, Office and administration, Travel and accommodation, External expertise and services, Equipment, Infrastructure and works, Total Budget, Net Revenue, and Total Eligible. The data shows zero values for all categories, indicating no records found. Below this, there are sections for 'Project Budget Overview Cofin BI' and 'Project Budget Overview Partner Period', both showing similar budget breakdowns with zero values.

The screenshot shows the eMS Application Form interface. The top navigation bar includes 'Project Summary', 'Partner', 'Project Description', 'Workplan', 'Project Budget', and 'Project Budget Overview' (selected). The left sidebar contains various management options like 'Logout', 'EN', and the eMS logo. The main content area displays the 'Project Budget Overview Partner Period' table, which shows budget details for various categories like Period 1, Period 2, Total Budget, Net Revenue, and Total Eligible. The table includes columns for Partner, Co-financing Source, Period 1, Period 2, Total Budget, Net Revenue, and Total Eligible. The data shows zero values for all categories, indicating no records found. Below this, there are sections for 'Project Budget Overview Cofin Period' and 'Project Budget Overview Partner Wp', both showing similar budget breakdowns with zero values.

Section G: Attachments

The applicants can upload documents into eMS.

Click on the  button to add new attachments.

The size of the file to be uploaded cannot exceed 50MB.

Not any format file can be uploaded!

The files extension recognized by eMS are: gif, jpeg, png, tiff, doc, docx, pdf, xls, xlsx, ppt, pptx, mp4, mov, avi, wmv, zip, rar.

Please click **SAVE button before leaving the page!!!**

PART E - Submitting the application

After completing the application form and attaching all necessary supporting documents, **you are recommended to save it as a Pdf File (menu item).**

Please verify the AF thoroughly!!!

Any mistake in filling in the AF observed after the submission of AF cannot be rectified and will lead to a lower score in assessment phase.

Before you are able to submit your application, you will need to click on **“Check Saved Project”** to activate the automatic checks. If any issues are found, such as missing or wrong data, you will need to correct this before you can save and check it again.

Only after all checks are okay, you will be able to submit your application by clicking the "Submit checked project" button.

If the application is successfully submitted the following message will be displayed on the screen:

After submission, you as the Lead Applicant will receive an automatic email confirmation.

Once submitted you are not able to make further changes to your application.

Note: You can submit the application until the time and date of the call deadline, Bucharest time (EET). Please take time zone differences into account!!!

After submitting the application the Lead Applicant will see the project status in the column "Project state" of the table "List Of Projects" as **Subm = Submitted**.

Now the application will enter in the assessment phase (Administrative and Eligibility Check) by the Assessment Working Group, while the Lead Applicant can check the status of the

application in the eMS (*My projects* section) and answer to the clarifications send by the members of the Assessment Working Group.

Please note that the clarifications will be send officially using the email section of the eMS as an attached letter of clarification and the Lead Applicant will respond only through email from eMS. Errata, amendments to the Application package which will be sent after the deadline without being explicitly requested shall not be considered.

We strongly advise you to keep an eye on your eMS email in order to be able to respond to any clarifications may be requested during the assessment phase!

PART F- Help and Technical Support

For any problems you might experience with the eMS, please contact the Joint Secretariat at joint.secretariat@breacoradea.ro or by telephone at +40 259 473 174 or +40 359 436 529 during office hours¹⁰.

Please note that the JS has maximum two days to respond to your request after the receipt of your email or phone.

In case of specific errors we will forward your problem to the INTERACT team!!!

¹⁰ Office hours means between 9.00 – 17.00 (EET)

The reporting form for errors (bugs) and malfunctions occurred in the system
