Online submission system

If you decide to apply your project for financing under our programme, you will have to submit your application online through a dedicated online platform, called **eMS** (*electronic monitoring system*) and accessible at the following URL:

<http://ems-rohu.mdrap.ro>

Also, this system will be used for assessment, contracting, sending and validating expenditures and approving progress reports of the partners and project. Your project's implementation will be monitored through this online platform.

Technical information and system requirements

The eMS is a web application which can be accessed with recent versions of most common browsers (e.g. at least Internet Explorer 11, Firefox 35, Chrome 39).

The functionality of the system follows the common standards of web applications for entering and submitting form data.

Please pay attention to the following important aspects that have to be remembered when filling in the AF:

- ✓ The eMS does not provide any warning or request of confirmation before leaving a section of the AF or before logging out;
- ✓ Always remember to save the data before leaving any section in the AF (Save button on upper left corner  or at the end of the page  otherwise data will be lost!
- ✓ When filling in longer sections, please remember to regularly save data, in order to avoid losing data in case of interruptions of the internet connection or other technical issues;
- ✓ **Do not use the “Enter” key** in the forms as it may lead to unexpected results. Always use the commands provided by the eMS interface;

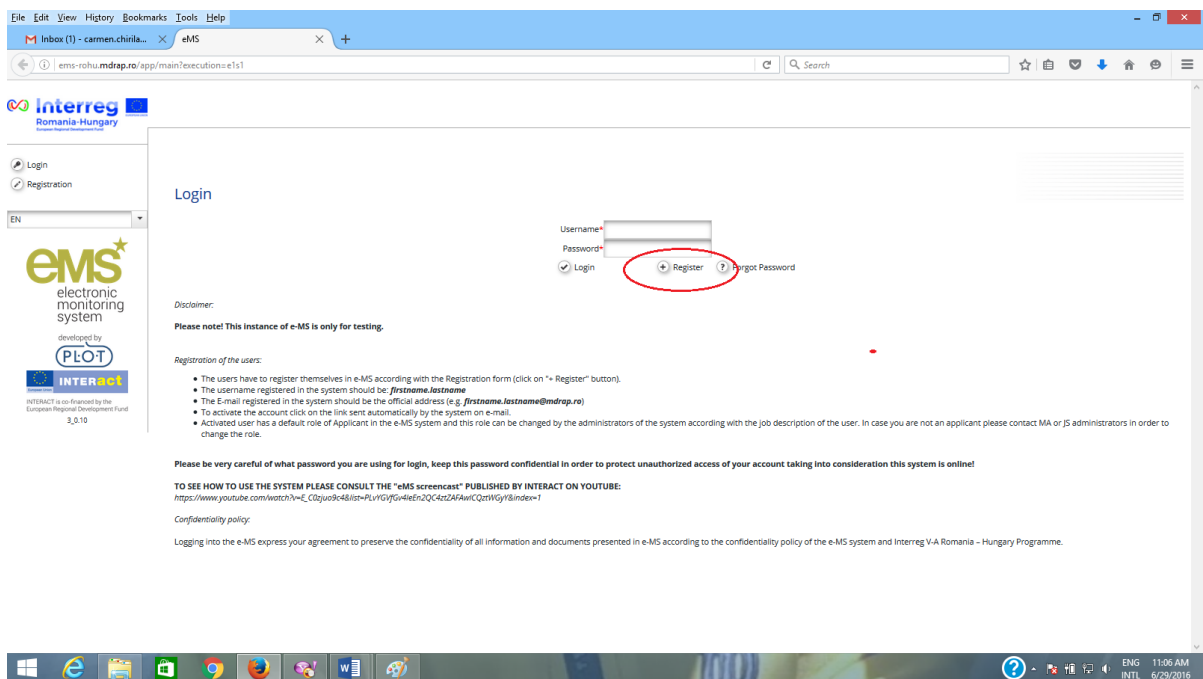

- ✓ The generation of pdf files might take some time. Please wait until the pdf-file appears in the file browser or in a new window. Activating the pdf generation again might slow down the system;
- ✓ Some fields in various (sub-) sections will be automatically filled in (grey cells) by the system by using data inserted in other sections of the AF or which are automatically calculated;
- ✓ To a certain extent, it is possible for different users to work in parallel (at the same time) on the same AF, but when the users are working in parallel, they have to be sure that they are not working in the same section or sub-section (in case that more than one applicant is filling in the AF). Filling in the AF by more than 1 user is not recommended at the same time!

PART A – Registration

To use the eMS, **the Lead Applicant or applicant** must register and activate a user account as follows:

1. To register, go to <http://ems-rohu.mdrap.ro/> and click on the button  **Register**.

The person registering should be preferably the contact person or the project manager of the Lead Applicant institution/organization.

The screenshot shows a web browser window displaying the eMS login and registration page. The page is titled "Login" and features a "Register" button circled in red. The page includes a disclaimer, registration instructions, and a confidentiality policy.

Disclaimer:
Please note! This instance of e-MS is only for testing.

Registration of the users:

- The users have to register themselves in e-MS according with the Registration form (click on "+ Register" button).
- The username registered in the system should be: **firstname.lastname**
- The E-mail registered in the system should be the official address (e.g. **firstname.lastname@mdrap.ro**)
- To activate the account click on the link sent automatically by the system on e-mail.
- Activated user has a default role of Applicant in the e-MS system and this role can be changed by the administrators of the system according with the job description of the user. In case you are not an applicant please contact MA or JS administrators in order to change the role.

Please be very careful of what password you are using for login, keep this password confidential in order to protect unauthorized access of your account taking into consideration this system is online!

TO SEE HOW TO USE THE SYSTEM PLEASE CONSULT THE "eMS screencast" PUBLISHED BY INTERACT ON YOUTUBE:

Password *	*****
Password Again *	*****
Firstname *	Firstname
Lastname *	Lastname
Title	expert / institution
Language	EN ▼

 Register

- *Username:* will be used to log in the eMS. It can be freely chosen by the registering person, but we strongly recommend to have this format ***firstname.lastname*** in order to be easily to remember;
- *E-mail:* the email address of the contact person from Lead Applicant or applicant. The E-mail registered in the eMS must be the active and official address (e.g. ***firstname.lastname@mdrap.ro***);
- *Password:* the password used to access the system should be a strong and complex one (a combination of alphanumerical characters and symbols).
- *First name/Last name:* Personal information of the contact person from the Lead Applicant or applicant;
- *Title:* The title and the institution you are working for
- *Language:* English is the pre-defined programme's official language. It cannot be changed.

Following the registration, the Lead Applicant institution/organization must send an official email (an official address from the institution email) to joint.secretariat@breacoradea.ro to inform the JS about the new user. The minimum required information are: firstname and lastname, telephone and email of the person designated to use the new user.

Upon registering and accessing the system, the user agrees to the terms of service for using the eMS.

3. After clicking the **“Register”** button, the system automatically generates an e-mail (on successful submission) with the necessary instructions that will be sent to the e-mail address provided during the registration process. To activate the account follow the instructions in the message to confirm the registration.

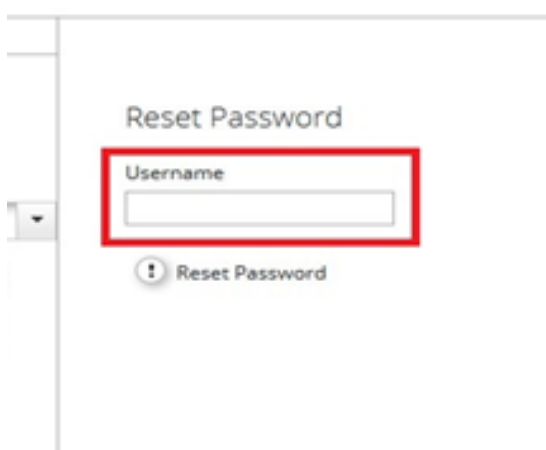

Hello,

In order to activate your account please click the following link:

<http://ems-uid=2&hash=2c206bbbed9934476e931b7beff17c7c>

Best regards,
e-MS Team

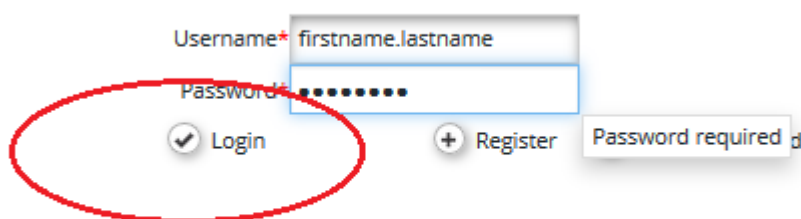

4. Only after the user account activation and validation email received by JS from Lead Applicant or applicant institution/organization, the new user of Lead Applicant or applicant will be able to log in to the eMS.
5. In case the password is forgotten, it can be reset using the  **Forgot Password** button, filling in the username and clicking the button  **Reset Password**

Please note that only the Lead Applicant can create and submit an application. The applicant can read or add/modify data in the AF, only if the Lead Applicant gives the necessary permissions.

PART B – Login

After filling in the *Username* and *Password*, the user has to click on the  **Login** button to enter in the Dashboard;

A screenshot of the login form. It features two input fields: 'Username*' with the placeholder text 'firstname.lastname' and 'Password*' with masked characters. Below the 'Password*' field is a red oval highlighting the 'Login' button, which has a checkmark icon. To the right of the 'Login' button is a '+ Register' button. A message box on the right says 'Password required'.

1. The first page accessed by the user of the Lead Applicant or applicant is the dashboard, where the user can find the following sections:

A screenshot of the dashboard interface. The top navigation bar includes 'File', 'Edit', 'View', 'History', 'Bookmarks', 'Tools', and 'Help'. The main content area is titled 'Dashboard' and includes a 'Welcome user3 bihori' message. The left sidebar contains a 'Personal' menu with options like 'Dashboard', 'Mailbox', 'Generated Files', 'User Account', 'Applications', 'EMS Management', 'Reporting', and 'Contact List'. The main area is divided into three sections: 'My Projects' (a table with columns for Project_Id, Name, Acronym, Start, End, Lead Partner, L.P. Nationality, Call, Timeslot, Specific Objective, Submission Date, Projectstate, Applicant Or Leadpartner, and View Project), 'My Mailbox' (a table with columns for Inbox, Subject, and Date), and 'Show Own View' (a calendar for June 2016). The calendar shows dates from 1 to 30, with some dates highlighted in green. The bottom of the screen shows a Windows taskbar with various application icons and a system clock indicating 11:37 AM on 6/29/2016.

- *Menu*: placed in the left side of the screen, it has at least 3 items visible: *Personal*, *Applications* and *EMS Management*:

i. **Personal** menu has 4 functions available:

- **Dashboard** – by clicking on the  **Dashboard** button it shows dashboard;
- **Mailbox** – by clicking on the  **Mailbox** button it goes to the Mailbox window, from where the user of the Lead Applicant or applicant can use the internal mail function of the eMS as a normal e-mail, with the remark that the senders and receivers must be internal users of the system;

PART C – How to add a Project

1. In order to add an application (project) in the eMS, the **Lead Applicant** shall go to the Dashboard and in the section My projects will click on  **Add Project** the button

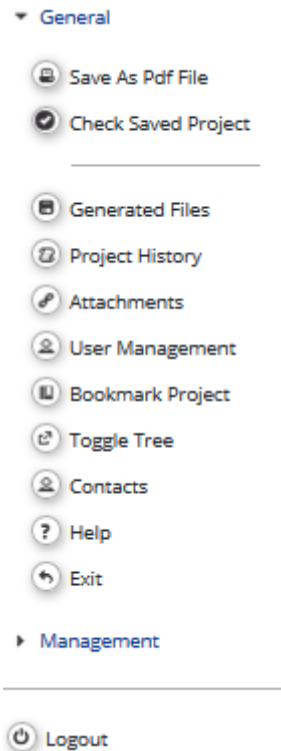

The system will open the Call function from where the applicant will choose the appropriate open Call (the  **Apply** button is active) and click on it to open the AF.

Name	Start	End	Description	Attachments	
Call test 1	09.03.2016	30.03.2016	Call test		
Call test 2	01.03.2016	31.03.2017	call test 2		

2. After click on the  **Apply** button, the system will open the AF section with a save button  **SAVE**, two menus *General and Management* in the left side of the screen and sections (tabs) of the AF in the upper part.

- i. **General menu** includes the following functions: *Save As Pdf File, Check Saved Project, Generated Files, Project History, Attachments, User Management, Bookmark Project, Toggle tree, Contacts, Help and Exit.*

- *Save As Pdf File* – by clicking on the  **Save As Pdf File** button the system generates a pdf file that brings all the data found in the AF. The system will inform the user with the message and the file can be found in the Generated Files section;

Please note that the creation of a pdf might require some time and consequently the pdf of the AF will appear in the file browser only after a certain time. Please wait until the pdf is available and do not press the “save as pdf file” button repeatedly, because this might slow down the eMS. Also, please note that you can create a pdf file of the AF at any time of its development!

- *Check Saved Project* – by clicking on the  **Check Saved Project** button the system performs several automatic checks of the formal requirements if there is the case. If all automatic checks are successfully passed, the message will be displayed;

Please note that in the case of automatic checks showing deficiencies, the system indicates an error message on top of the page and the user should amend the AF accordingly.

- *Generated Files* – clicking on the  **Generated Files** button. the system will open a window where are listed all the pdf files of the AF generated after clicking the  **Save As Pdf File** button

The user rights granted by the Lead Applicant for his partners will only be available until the submission of the application or until the deadline of the call.

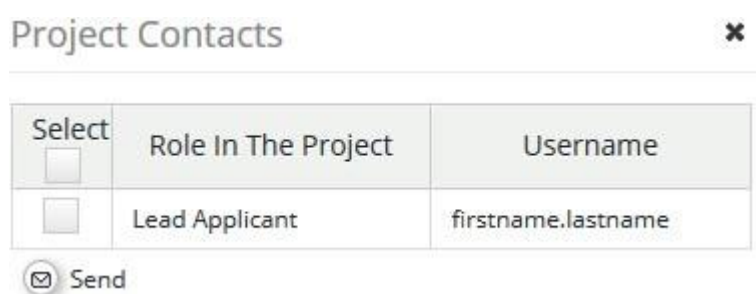

In case the project is selected for funding, a new assignment of the users must be made for every project partner in the contracting phase, in order to have access in reporting section of the project.

- *Bookmark Project* - by clicking on the  **Bookmark Project** button the system will bookmark the project and it will change the button in used to un-bookmark the respective project  **Unbookmark Project**
- *Toggle Tree* - the  **Toggle Tree** button will activate a tree menu with all the sections and subsections of the AF in the upper right corner

- *Contacts* - this  **Contacts** button will pop up a window with a list of all project contacts assigned for the respective project. Also, this function allows to send e-mails to the project contacts by clicking the  **Send** button after selecting the username.

Please note that the list will be updated while more users are assigned to the project!

- *Help* - this  **Help** button is a contextual menu and will open a popup window with a description of the section selected by the user.

- *Exit* – the  **Exit** button will return the user to the dashboard where it can be seen the list with all the projects recorded by the Lead Applicant in eMS.

ii. **Management** menu has only the function of deleting the project at this stage

 **Delete Project**

Please note that the applicant cannot delete the application after submission!

After the Lead Applicant (or other user with granted access) fills in all the sections and subsections of AF, the application has to be checked by clicking on the  **Check Saved Project** button and then submitted by clicking on  **Submit Checked Project**

If any issues are found after clicking  **Check Saved Project button such as missing or wrong data, you will need to correct this before you can save and check it again.**

Before submitting the application the system will pop up a confirmation message to warn the Lead Applicant that process is irreversible.

Also, the Lead Applicant will be notified by e-mail that the application was successfully submitted.

Please note that only the user who initially created the AF (i.e. the Lead Applicant) can submit the AF of the project.

The AF which has been successfully submitted is final and cannot be changed anymore (it will only appear in read-only mode in the system).

You can submit the application until the time and date of the call deadline, Bucharest time (EET). Please take time zone differences into account!!!

PART D – How to fill in the application form (AF)

The AF has to be filled in English as this is the working language of the programme.

The structure (and content) of the AF is as follows:

1. *Project Summary*
2. *Partner*
3. *Project Description*
4. *Workplan*
5. *Project Budget*
6. *Project Budget Overview*
7. *Attachments*

Please note that in order to fill in the AF the Lead Applicant has to follow the arrows, section by section (starting with the Project Summary section and finishing with the Attachments)!

Section A: Project Summary

This is the starting point for the application form. The application will not be created until this first tab in the application form has been completed and saved. You will then have access to the other tabs.

After completing the first tab "Project summary", click on **"CREATE"** button in the top-left corner.

The screenshot shows the 'Interreg Romania-Hungary' application form. The 'CREATE' button is highlighted with a red arrow. The 'Project Summary' tab is selected in the top navigation bar. The form fields are partially filled:

Section D: Workplan

Section D.1. Work Package List

For CN: Please note that in the workpackages you must describe the Concept Note activities!

The screenshot shows the eMS application interface. The top navigation bar includes 'File', 'Edit', 'View', 'History', 'Bookmarks', 'Tools', and 'Help'. The browser address bar shows 'ems-rohu.mdrap.ro/app/main?execution=e1s13'. The main content area is titled 'Application Form' and includes a breadcrumb trail: 'Project Summary > Partner > Project Description > Workplan > Project Budget > Project Budget Overview > Attachments'. The 'Workplan' tab is selected, and a dropdown menu is open, showing 'Workpackage List' (highlighted with a red arrow), 'Target Groups', and 'Define Periods'. Below the dropdown, the 'Workpackage List' section is visible, with a 'PREPARATION' section containing a 'Create Preparation' button and a 'MANAGEMENT' section with a 'Management' button and date range 'Jun.2016' to 'Jun.2016'. A 'Timeline' section is also present, showing a calendar view for June 2016. The bottom of the interface shows the 'ems' logo and 'electronic monitoring system' text.

In addition to project description in Part C, all projects are requested to submit a description of the different work packages that the project partners have developed to structure their activities. The information entered in this section will form the basis for the project monitoring.

One standard work packages have been pre-defined:

□ Work package “Management”, consists of operational and strategy activities such as governance, daily management of the project and reporting and monitoring.

To edit the work package, click on the magnifying glass.

The next workpackages are project specific, and should include descriptions of all other activities. After filling in the work packages, a Gantt chart will appear at the bottom of this page. This is considered to be an indicative plan and the Joint Secretariat will exercise flexibility (within reasonable limits) when monitoring project activities.

Please note that there are two options for defining workpackages:

1. At project level: WP Preparation, Management and Communication
2. At partner/ type of activity level: WP Implementation and Investment

Work Package Preparation³

To activate the Work Package Preparations please click on the q sign (magnifying glass)

The screenshot shows the eMS Application Form interface. The top navigation bar includes 'Project Summary', 'Partner', 'Project Description', 'Workplan', 'Project Budget', 'Project Budget Overview', and 'Attachments'. The 'Workplan' tab is active. Below the navigation bar, the 'Workpackage List' section is visible. It contains a 'PREPARATION' section with a 'Create Preparation' button and a magnifying glass icon. A red arrow points to the magnifying glass icon. Below the 'PREPARATION' section is a 'MANAGEMENT' section with a 'Management' button and a magnifying glass icon. To the right of the 'MANAGEMENT' section, there is a 'No Workpackages Defined' message and two buttons: 'New Implementation' and 'New Investment'. Below the 'Workpackage List' section is a 'Timeline' section with a table showing dates from June 29 to July 5. The table has columns for 'WP M: Project Management (Management)' and 'Show Activities' and 'Show Deliverables'. The 'Show Activities' and 'Show Deliverables' checkboxes are checked. The bottom of the screenshot shows the Windows taskbar with various application icons and the system clock displaying '12:21 PM 6/29/2016'.

For CN: Please note that in the workpackages you must describe the Concept Note activities!

Select Partners Involved	Please select the partner to whom activities from this workpackage belong
<i>Summary Implementation</i>	
Please give a summary description of the work package and its objective. Please specify to which project objective it contributes.	It is important that the reader of the application understands the purpose of the work package to achieve the overall project objectives.
<i>Main Outputs</i>	
Output O.T1.1... (autonumber)	Projects are expected to deliver viable products and services, whose impact should contribute to programme level results. Each of the Investment priority have been designed to focus project applicants on delivering tangible, durable outputs, assisting the delivery of the programme's ambitions of measurable positive changes in the Programme area. Each project's intended results and outputs are expected to facilitate the changes sought by the Interreg V-A RO-HU Programme.
Title	Please give a short title for the project's output
Define the product/service that will be developed by the end of the project.	It is important that the reader of the application understands what viable outputs the project will deliver.
Output indicator: choose the corresponding output Indicator, to which the product/service will contribute. (if the case).	Programme Output indicators ⁸ have been developed to express and measure project outputs. They are dependent on the selected Investment priority. All Output indicators are collected at project level and aggregated at programme level ⁹ . Click Remove Output button if not applicable (the activities from that workpackage do not contribute to output indicator, e.g. for CN).
Date	Indicate the month when the output is expected to be available.

⁸ Not applicable for CN

⁹ For CN please remove output indicator

Quantity	Quantify the contribution to the output indicator. This is a target value for the entire project ¹⁰ .

Add Activity	Click on this button to add more activities.

The equipment mentioned under the present WP shall be related to project implementation activities.

Attention! In case there are deviations from the estimated amounts for the planned activities, in order to ensure the project's sound financial management and focusing on reaching the envisaged output indicators, the Programme recommends these are of maximum 20%. However, in case such deviations occur, the budget chapters shall not be affected.

Be advised that the Application Form is structured based on work-packages, which comprise activities and sub-activities, either on project level (WP Preparation, Management and Communication) or on partner level (WP Implementation and Investment). For each activity/sub-activity you shall provide enough details in terms of methodology of implementation, estimated deliverable and indicative budget.

If summed-up, all the indicative amounts on activity/sub-activity level equal the related budget chapter, on partner level. Consequently, the summed-up partners' budgets equal the project budget.

¹⁰ Not applicable for CN

According to the Subsidy Contract, any modifications of the budget lines (in this case to be read as chapters) will require addenda. However, the subdivisions (activities/sub-activities) budgets can, therefore, as already explained, be modified up to a threshold of maximum 20%.

In this section, you will define the reporting periods for the project. Important: the reporting periods form the basis for the project budget. If you do not create any periods, you cannot enter the project budget!

The reporting periods depends on project implementation period. Further to this, if you create the periods incorrectly (i.e. too many or too few periods), this will have major consequences for entering the budget data

For CN you will have 2 reporting periods!

Fields name	Fill in instructions
Add	Please click the + sign to create a new reporting period.
Start Date (automatic)	Period 0 represent preparation period ¹² . Period 1 starts with the project start date. Note: when you change the project start date, you have to refresh the reporting periods by clicking on "Recalculate Periods"
End Date	The end date should be set 3 month for projects under 18 months and 4 month for projects exceeding 18 months. The final period ends with the project end date.
Reporting Date	The reporting date is 15 working days after the end date of the reporting period. Note: the reporting date for the final report is 30 working days after the project end date!!!

Section E: 1-3. Project Budget

For CN: Please note that the amounts from the partners budgets must relate to the Concept Note activities!

E1. Partner budget

¹² Some Calls do not allow the preparation period (e.g. FA)

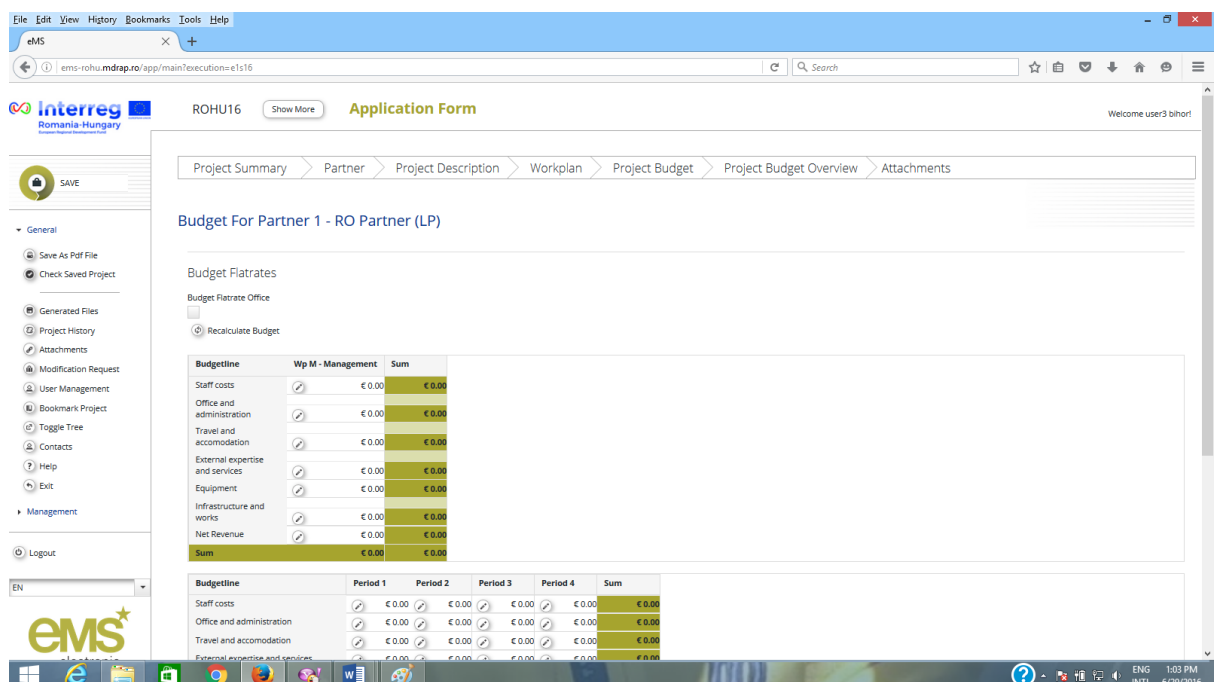

Note: For each partner, you should define BOTH the budget AND the contribution (match funding)! Remember that the project costs and the project finances should balance. You can check this on the tab "Project Budget Overview".

All costs for each partner must be entered per period and per work package.

Before you enter any costs, please double check that the reporting periods are correct!

Only after all checks are okay, you will be able to submit your application by clicking the  Submit Checked Project button.

The screenshot shows the 'eMS' application form for 'ROHU16'. The left sidebar contains a 'Submit Checked Project' button, which is highlighted with a red circle. The main form area displays 'Project Identification' details, including 'Programme Priority' (PA2 - Improve sustainable cross-border mobility and remove), 'Specific Objective' (S07/b Improved cross-border accessibility through connecting secondary and tertiary nodes to TEN-T infrastructure), 'Project Acronym', 'Project Title', 'Name Of Lead' (RO Partner), 'Project Duration' (12 Month 0 Days), 'Start Date' (01.11.2016), and 'End Date' (31.10.2017). A 'Successfully Checked' message is visible in the top right corner.

If the application is successfully submitted a message will be displayed on the screen.

After submission, you as the Lead Applicant will receive an automatic email confirmation.

Once submitted you are not able to make further changes to your application.

Note: You can submit the application until the time and date of the call deadline, Bucharest time (EET). Please take time zone differences into account!!!

After submitting the application the Lead Applicant will see the project status in the column "Project state" of the table "List Of Projects" as **Subm = Submitted**.

Now the application will enter in the assessment phase (Administrative and Eligibility Check) by the Assessment Working Group, while the Lead Applicant can check the status of the application

in the eMS (*My projects* section) and answer to the clarifications send by the members of the Assessment Working Group.

Please note that the clarifications will be send officially using the email section of the eMS as an attached letter of clarification and the Lead Applicant will respond only through email from eMS. Errata, amendments to the Application package which will be sent after the deadline without being explicitly requested shall not be considered.

We strongly advise you to keep an eye on your eMS email in order to be able to respond to any clarifications may be requested during the assessment phase!
