Online submission system

If you decide to apply your project for financing under our programme, you will have to submit your application online through a dedicated online platform, called **eMS** (*electronic monitoring system*) and accessible at the following URL:

<http://ems-rohu.mdrap.ro/app/main?execution=e1s1>

Also, this system will be used for assessment, contracting, sending and validating expenditures and approving progress reports of the partners and project. Your project's implementation will be monitored through this online platform.

Technical information and system requirements

The eMS is a web application which can be accessed with recent versions of most common browsers (e.g. at least Internet Explorer 11, Firefox 35, Chrome 39).

The functionality of the system follows the common standards of web applications for entering and submitting form data.

Please pay attention to the following important aspects that have to be remembered when filling in the AF:

- ✓ The eMS does not provide any warning or request of confirmation before leaving a section of the AF or before logging out;
- ✓ Always remember to save the data before leaving any section in the AF (Save button on upper left corner  or at the end of the page  otherwise data will be lost!
- ✓ When filling in longer sections, please remember to regularly save data, in order to avoid losing data in case of interruptions of the internet connection or other technical issues;
- ✓ **Do not use the “Enter”** key in the forms as it may lead to unexpected results. Always use the commands provided by the eMS interface;

- ✓ The generation of pdf files might take some time. Please wait until the pdf-file appears in the file browser or in a new window. Activating the pdf generation again might slow down the system;
- ✓ Some fields in various (sub-) sections will be automatically filled in (grey cells) by the system by using data inserted in other sections of the AF or which are automatically calculated;
- ✓ To a certain extent, it is possible for different users to work in parallel (at the same time) on the same AF, but when the users are working in parallel, they have to be sure that they are not working in the same section or sub-section (in case that more than one applicant is filling in the AF). Filling in the AF by more than 1 user is not recommended at the same time!

PART A – Registration

To use the eMS, the **Lead Applicant or applicant** must register and activate a user account as follows:

1. To register, go to <http://ems-rohu.mdrap.ro/app/main?execution=e1s1> and click on the button  **Register** .

The person registering should be preferably the contact person or the project manager of the Lead Applicant institution/organization.

2. In the registration form, fill in the following information:

Registration

Description	
Username	firstname.lastname
Email *	firstname.lastname@mail.
Password *	*****
Password Again *	*****
Firstname *	Firstname
Lastname *	Lastname
Title	expert / institution
Language	EN ▼

 Register

- *Username*: will be used to log in the eMS. It can be freely chosen by the registering person, but we strongly recommend to have this format ***firstname.lastname*** in order to be easily to remember;
- *E-mail*: the email address of the contact person from Lead Applicant or applicant. The E-mail registered in the eMS must be the active and official address (e.g. ***firstname.lastname@mdrap.ro***);
- *Password*: the password used to access the system should be a strong and complex one (a combination of alphanumerical characters and symbols).
- *First name/Last name*: Personal information of the contact person from the Lead Applicant or applicant;
- *Title*: The title and the institution you are working for
- *Language*: English is the pre-defined programme's official language. It cannot be changed.

Following the registration, the Lead Applicant institution/organization must send an official email (an official address from the institution email) to joint.secretariat@breacoradea.ro to inform the JS about the new user. The minimum required information are: firstname and lastname, telephone and email of the person designated to use the new user.

Please be aware that those users who do not respect the required format of the username will be deactivated!!!

Upon registering and accessing the system, the user agrees to the terms of service for using the eMS.

3. After clicking the **“Register”** button, the system automatically generates an e-mail (on successful submission) with the necessary instructions that will be sent to the e-mail address provided during the registration process. To activate the account follow the instructions in the message to confirm the registration.

Hello,

In order to activate your account please click the following link:

<http://ems-uid=2&hash=2c206bbbed9934476e931b7beff17c7c>

Best regards,
e-MS Team

4. Only after the user account activation and validation email received by JS from Lead Applicant or applicant institution/organization, the new user of Lead Applicant or applicant will be able to log in to the eMS.
5. In case the password is forgotten, it can be reset using the  [Forgot Password](#) button, filling in the username and clicking the button  [Reset Password](#)

Please note that only the Lead Applicant can create and submit an application. The applicant can read or add/modify data in the AF, only if the Lead Applicant gives the necessary permissions.

PART B – Login

After filling in the *Username* and *Password*, the user has to click on the button to enter in the Dashboard;

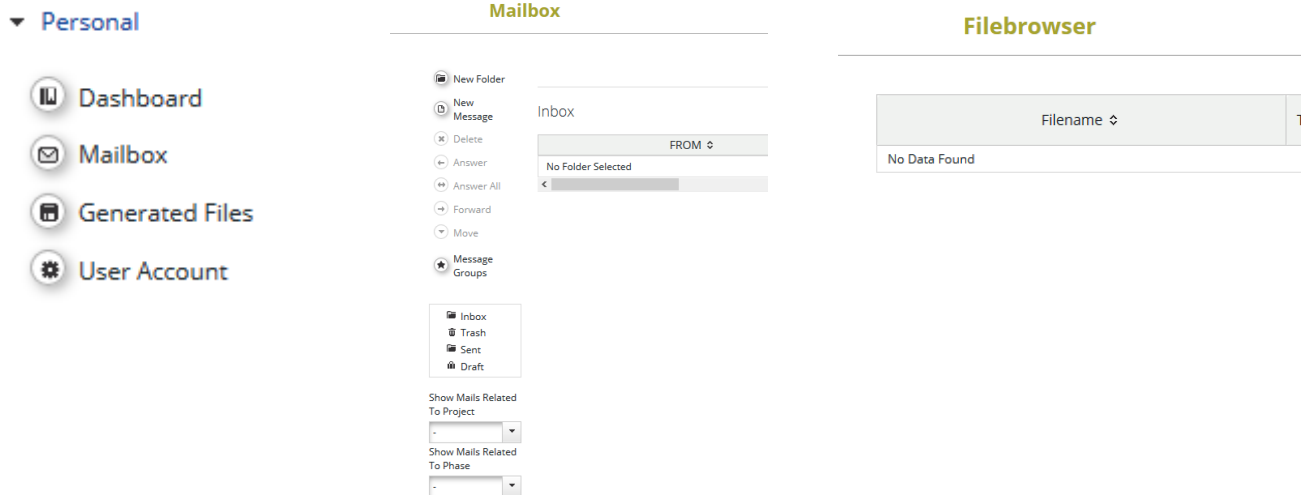

1. The first page accessed by the user of the Lead Applicant or applicant is the dashboard, where the user can find the following sections:

- **Menu:** placed in the left side of the screen, it has at least 3 items visible: *Personal*, *Applications* and *EMS Management*:

i. **Personal** menu has 4 functions available:

- **Dashboard** – by clicking on the  **Dashboard** button it shows dashboard;
- **Mailbox** – by clicking on the  **Mailbox** button it goes to the Mailbox window, from where the user of the Lead Applicant or applicant can use the internal mail function of the eMS as a normal e-mail, with the remark that the senders and receivers must be internal users of the system;

- **Generated files** – accessed by clicking on the  **Generated Files** button

This section shows in pdf format a report generated by the system based on a template that presents all the AF data recorded in the eMS;

- **User account** – can be accessed by clicking on the  **User Account** button

In this section the user can update his information (except the Username and email which cannot be changed by the user), change password, configure mail signature and dashboard.

Section D: Workplan

Section D.1. Work Package List

The screenshot shows the eMS Application Form interface. The top navigation bar includes 'Project Summary', 'Partner', 'Project Description', 'Workplan', 'Project Budget', 'Project Budget Overview', and 'Attachments'. The 'Workplan' tab is selected, and a dropdown menu is open, showing 'Workpackage List', 'Target Groups', and 'Define Periods'. A red arrow points to the 'Workpackage List' option. Below the dropdown, the 'Workpackage List' section is visible, with a 'Create Preparation' button and a 'Management' button. The 'Management' button is highlighted. Below the 'Management' button, there is a 'Timeline' section with a table showing dates from June 29 to July 5, 2016. The table has columns for 'WP M: Project Management (Management)' and 'Show Activities' / 'Show Deliverables'. The 'Management' button is highlighted with a red box.

In addition to project description in Part C, all projects are requested to submit a description of the different work packages that the project partners have developed to structure their activities. The information entered in this section will form the basis for the project monitoring.

One standard work packages have been pre-defined:

□ Work package 1, “Project Management”, consists of operational and strategy activities such as governance, daily management of the project and reporting and monitoring.

To edit the work package, click on the magnifying glass.

Work packages 2-7 are project specific, and should include descriptions of all other activities.

After filling in the work packages, a Gantt chart will appear at the bottom of this page. This is considered to be an indicative plan and the Joint Secretariat will exercise flexibility (within reasonable limits) when monitoring project activities.

Please note that there are two options for defining workpackages:

- 1.** At project level: WP Preparation, Management and Communication
- 2.** At partner/ type of activity level: WP Implementation and Investment

Work Package Preparation³

To activate the Work Package Preparations please click on the  sign (magnifying glass)

The screenshot shows the 'Application Form' interface for ROHU16. The 'Workplan' tab is active. The 'Workpackage List' section has a 'PREPARATION' sub-section with a 'Create Preparation' button. A red arrow points to a magnifying glass icon next to this button. Below it is a 'MANAGEMENT' section with a 'Management' button and date selectors for 'Jun. 2016'. To the right, there are buttons for 'New Implementation' and 'New Investment'. A 'Timeline' section shows a calendar view for June and July 2016.

The screenshot shows the 'Preparation P' section of the 'Application Form'. The 'Wp Details' section includes 'Project Preparation' with 'Wp Start' and 'Wp End' date selectors set to November 2016. Below is a 'Partner' section with a table for 'Partners Involvement Selection'.

Number	Name	Role	Abbreviation
1	RO Partner	LP	RO P
2	HU Partner	PP	HU P

Below the table is a 'Summary' section with a 'Summary Description' text area.

The equipment mentioned under the present WP shall be related to project implementation activities.

Attention! In case there are deviations from the estimated amounts for the planned activities, in order to ensure the project's sound financial management and focusing on reaching the envisaged output indicators, the Programme recommends these are of maximum 20%. However, in case such deviations occur, the budget chapters shall not be affected.

Be advised that the Application Form is structured based on work-packages, which comprise activities and sub-activities, either on project level (WP Preparation, Management and Communication) or on partner level (WP Implementation and Investment). For each activity/sub-activity you shall provide enough details in terms of methodology of implementation, estimated deliverable and indicative budget.

If summed-up, all the indicative amounts on activity/sub-activity level equal the related budget chapter, on partner level. Consequently, the summed-up partners' budgets equal the project budget.

According to the Subsidy Contract, any modifications of the budget lines (in this case to be read as chapters) will require addenda. However, the subdivisions (activities/sub-activities) budgets can, therefore, as already explained, be modified up to a threshold of maximum 20%.

In this section, you will define the reporting periods for the project. Important: the reporting periods form the basis for the project budget. If you do not create any periods, you cannot enter the project budget!

The reporting periods depends on project implementation period. Further to this, if you create the periods incorrectly (i.e. too many or too few periods), this will have major consequences for entering the budget data

Fields name	Fill in instructions
Add	Please click the + sign to create a new reporting period.
Start Date (automatic)	Period 0 represent preparation period ¹² . Period 1 starts with the project start date. Note: when you change the project start date, you have to refresh the reporting periods by clicking on "Recalculate Periods"
End Date	The end date should be set 3 month for projects under 18 months and 4 month for projects exceeding 18 months. The final period ends with the project end date.
Reporting Date	The reporting date is 15 working days after the end date of the reporting period. Note: the reporting date for the final report is 30 working days after the project end date!!!

Please click SAVE button before leaving the page!!!

¹² Some Calls do not allow the preparation period (e.g. FA)

Section E: 1-3. Project Budget

E1. Partner budget

The screenshot shows the eMS Application Form interface. The 'Project Budget' tab is selected, and a red arrow points to it from the 'Application Form' header. The 'Partner List' table is displayed with two rows: 'RO Partner' and 'HU Partner'. The 'Budget' column for the 'RO Partner' row is circled in red, showing options to 'Define Budget' and 'Define Contribution'. The 'HU Partner' row also shows 'Define Budget' and 'Define Contribution' options. The interface includes a sidebar with navigation options like 'Save As Pdf File', 'Check Saved Project', 'Generated Files', 'Project History', 'Attachments', 'Modification Request', 'User Management', 'Bookmark Project', 'Toggle Tree', 'Contacts', 'Help', 'Export Budget', and 'Exit'. The bottom status bar shows the user is logged in as 'user3 bihort' and the date is 6/29/2016.

Number	Name	Country	Abbreviation	Role	Budget
1	RO Partner	ROMANIA	RO P	Lead Partner	Define Budget Define Contribution
2	HU Partner	ROMANIA	HU P	Project Partner	Define Budget Define Contribution

Note: For each partner, you should define BOTH the budget AND the contribution (match funding)! Remember that the project costs and the project finances should balance. You can check this on the tab "Project Budget Overview".

All costs for each partner must be entered per period and per work package.

Before you enter any costs, please double check that the reporting periods are correct!

Only after all checks are okay, you will be able to submit your application by clicking the **Submit Checked Project** button.

If the application is successfully submitted a message will be displayed on the screen.

After submission, you as the Lead Applicant will receive an automatic email confirmation.

Once submitted you are not able to make further changes to your application.

Note: You can submit the application until the time and date of the call deadline, Bucharest time (EET). Please take time zone differences into account!!!

After submitting the application the Lead Applicant will see the project status in the column “Project state” of the table “List Of Projects” as **Subm = Submitted**.

Now the application will enter in the assessment phase (Administrative and Eligibility Check) by the Assessment Working Group, while the Lead Applicant can check the status of the application in the eMS (*My projects* section) and answer to the clarifications send by the members of the Assessment Working Group.

Please note that the clarifications will be send officially using the email section of the eMS as an attached letter of clarification and the Lead Applicant will respond only through email from eMS. Errata, amendments to the Application package which will be sent after the deadline without being explicitly requested shall not be considered.

We strongly advise you to keep an eye on your eMS email in order to be able to respond to any clarifications may be requested during the assessment phase!
