ERDF	European Regional Development Fund
LA	Lead Applicant
LP	Lead partner
MA	Managing authority
MC	Monitoring committee
JS	Joint secretariat
NA	National authority
PP	Project partner

Online submission system

If you decide to apply your project for financing under our programme, you will have to submit your application online through a dedicated online platform, called **eMS** (*electronic monitoring system*) and accessible at the following URL:

<http://ems-rohu.mdrap.ro/app/main?execution=e1s1>

Also, this system will be used for assessment, contracting, sending and validating expenditures and approving progress reports of the partners and project. Your project's implementation will be monitored through this online platform.

Technical information and system requirements

The eMS is a web application which can be accessed with recent versions of most common browsers (e.g. at least Internet Explorer 11, Firefox 35, Chrome 39).

The functionality of the system follows the common standards of web applications for entering and submitting form data.

Please pay attention to the following important aspects that have to be remembered when filling in the AF:

- ✓ The eMS does not provide any warning or request of confirmation before leaving a section of the AF or before logging out;
- ✓ Always remember to save the data before leaving any section in the AF (Save button on upper left corner  or at the end of the page  otherwise data will be lost!;
- ✓ When filling in longer sections, please remember to regularly save data, in order to avoid losing data in case of interruptions of the internet connection or other technical issues;
- ✓ **Do not use the “Enter”** key in the forms as it may lead to unexpected results. Always use the commands provided by the eMS interface;

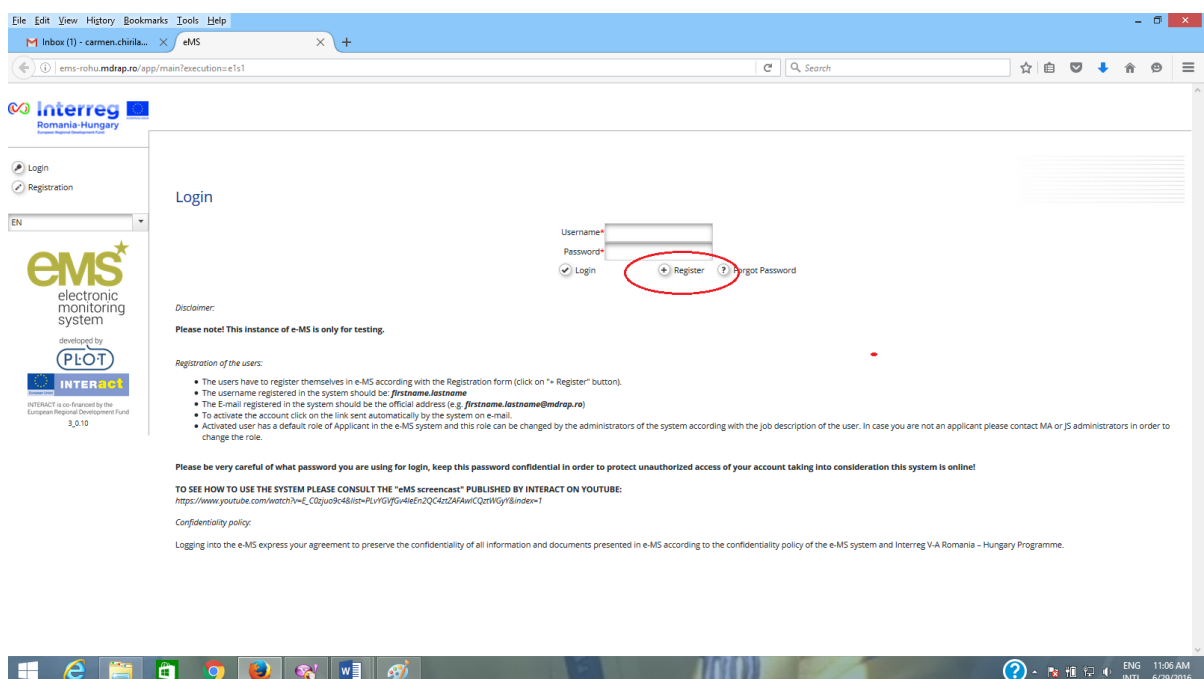

- ✓ The generation of pdf files might take some time. Please wait until the pdf-file appears in the file browser or in a new window. Activating the pdf generation again might slow down the system;
- ✓ Some fields in various (sub-) sections will be automatically filled in (grey cells) by the system by using data inserted in other sections of the AF or which are automatically calculated;
- ✓ To a certain extent, it is possible for different users to work in parallel (at the same time) on the same AF, but when the users are working in parallel, they have to be sure that they are not working in the same section or sub-section (in case that more than one applicant is filling in the AF). Filling in the AF by more than 1 user is not recommended at the same time!

PART A – Registration

To use the eMS, **the Lead Applicant or applicant** must register and activate a user account as follows:

1. To register, go to <http://ems-rohu.mdrap.ro/app/main?execution=e1s1> and click on the  **Register** button.

The person registering should be preferably the contact person or the project manager of the Lead Applicant institution/organization.

2. In the registration form, fill in the following information:

Registration

Description	
Username	firstname.lastname
Email *	firstname.lastname@mail.
Password *	*****
Password Again *	*****
Firstname *	Firstname
Lastname *	Lastname
Title	expert / institution
Language	EN ▼

 Register

- *Username:* will be used to log in the eMS. It can be freely chosen by the registering person, but we strongly recommend to have this format **firstname.lastname** in order to be easily to remember;
- *E-mail:* the email address of the contact person from Lead Applicant or applicant. The E-mail registered in the eMS must be the active and official address (e.g. **firstname.lastname@mdrap.ro**);
- *Password:* the password used to access the system should be a strong and complex one (a combination of alphanumerical characters and symbols).
- *First name/Last name:* Personal information of the contact person from the Lead Applicant or applicant;
- *Title:* The title and the institution you are working for
- *Language:* English is the pre-defined programme's official language. It cannot be changed.

Following the registration, the Lead Applicant institution/organization must send an official email (an official address from the institution email) to joint.secretariat@breacoradea.ro to inform the JS about the new user. The minimum required information are: firstname and lastname, telephone and email of the person designated to use the new user.

Please be aware that those users who do not respect the required format of the username will be deactivated!!!

Upon registering and accessing the system, the user agrees to the terms of service for using the eMS.

3. After clicking the **“Register”** button, the system automatically generates an e-mail (on successful submission) with the necessary instructions that will be sent to the e-mail address provided during the registration process. To activate the account follow the instructions in the message to confirm the registration.

Hello,

In order to activate your account please click the following link:

<http://ems-uid=2&hash=2c206bbbed9934476e931b7beff17c7c>

Best regards,
e-MS Team

4. Only after the user account activation and validation email received by JS from Lead Applicant or applicant institution/organization, the new user of Lead Applicant or applicant will be able to log in to the eMS.
5. In case the password is forgotten, it can be reset using the button  **Forgot Password** in the username and clicking the button  **Reset Password**

Reset Password

Username

 Reset Password

Please note that only the Lead Applicant can create and submit an application. The applicant can read or add/modify data in the AF, only if the Lead Applicant gives the necessary permissions.

PART B – Login

1. After filling in the *Username* and *Password*, the user has to click on the  **Login** button to enter in the Dashboard;

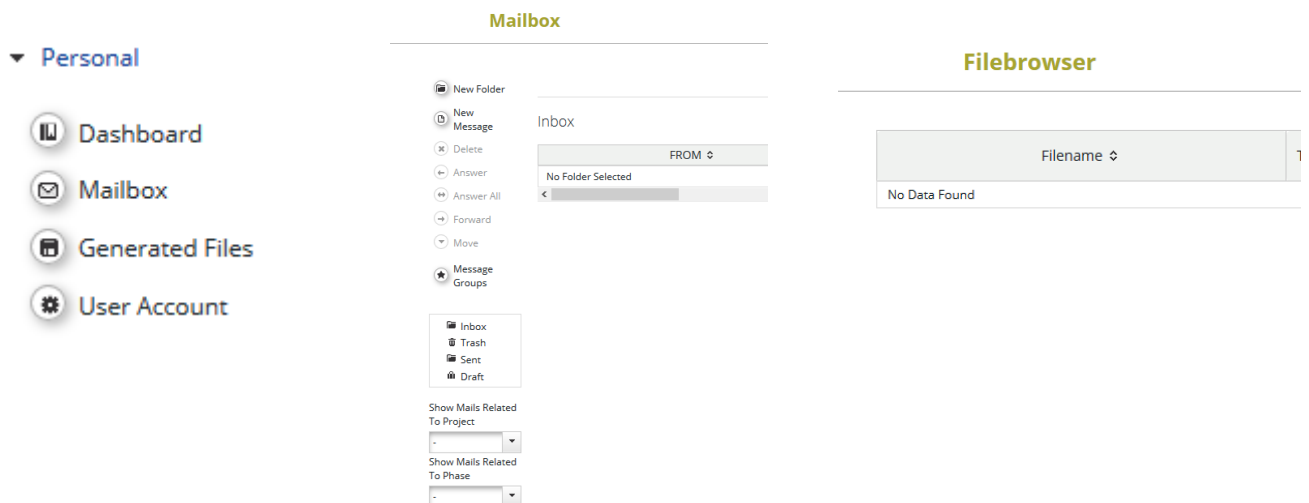

2. The first page accessed by the user of the Lead Applicant or applicant is the dashboard, where the user can find the following sections:

- **Menu:** placed in the left side of the screen, it has at least 3 items visible: *Personal*, *Applications* and *EMS Management*:

i. **Personal** menu has 4 functions available:

- **Dashboard** – by clicking on the  **Dashboard** button it shows dashboard;
- **Mailbox** – by clicking on the  **Mailbox** button it goes to the Mailbox window, from where the user of the Lead Applicant or applicant can use the internal mail function of the eMS as a normal e-mail, with the remark that the senders and receivers must be internal users of the system;

- **Generated files** – accessed by clicking on the  **Generated Files** button
This section shows in pdf format a report generated by the system based on a template that presents all the AF data recorded in the eMS;
- **User account** – can be accessed by clicking on the  **User Account** button
In this section the user can update his information (except the Username and email which cannot be changed by the user), change password, configure mail signature and dashboard.

ii. **Applications** menu has 2 functions available:

- *My applications* - by clicking on the  **My Applications** button the system goes to the projects list added by the Lead Applicant in the eMS;
- *Bookmarked applications* - by clicking on the  **Bookmarked Applications** button the system shows only the projects already bookmarked using the  **Bookmark** button from the last column of the projects list.

▼ **Applications**

-  **My Applications**
-  **Bookmarked Applications**

▼ **E M S Management**

-  **Calls**

- iii. **EMS Management** menu contains the function Calls. Clicking on the button  **Calls** it shows both the open and closed calls.

Calls

Name ↕	Start ↕	End ↕	Description ↕	Attachments	
Call test 1	09.03.2016	30.03.2016	Call test		 Apply
Call test 2	01.03.2016	31.03.2017	call test 2		 Apply

Please note that the Lead Applicant can submit the saved project's AF only if the call is still open!

Applicants are advised not to submit their AF at the very last minute before the closure of the Call. **Submission will no longer be technically possible after the announced deadlines of the Call.** As submission is feasible from any internet connection, no exception to this rule will be granted.

- *My projects:* a section where the Lead Applicant is able to add a new project by clicking on the button  **Add Project** and sees his projects already recorded in the eMS.

My Projects

Project_id ⬇	Name ⬇	Acronym ⬇	Start ⬇	End ⬇	Lead Partner ⬇	LP Nationality ⬇	Call ⬇	Timeslot ⬇	Specific Objective ⬇	Submission Date ⬇	Projectstate ⬇	Applicant Or Leadpartner ⬇	View Project
No records found.													
 Add Project													

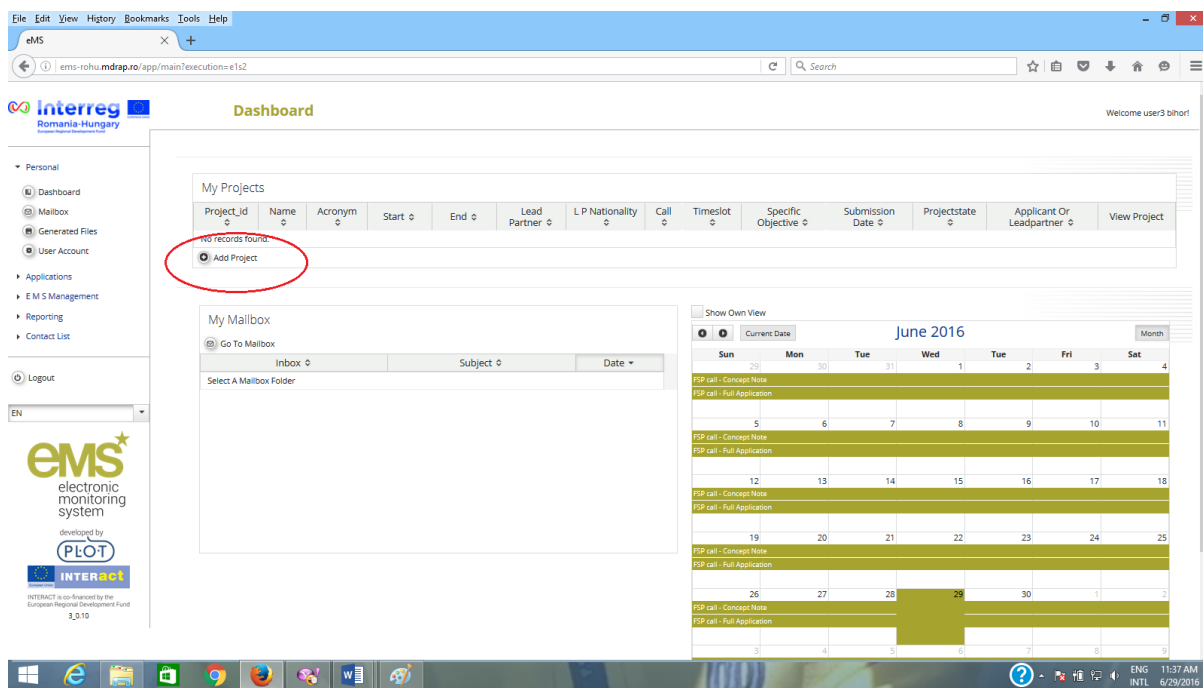

- *My Mailbox:* a section where the Lead Applicant can see all the messages received and from where can go to the Mailbox window by clicking on the button  **Go To Mailbox**

My Mailbox		
 Go To Mailbox		
Inbox ⬇	Subject ⬇	Date ▼
Select A Mailbox Folder		

- *Calendar:* this section shows the current date and the open calls marked with the yellow line and name.

PART C – How to add a Project

1. In order to add an application (project) in the eMS, the **Lead Applicant** shall go to the Dashboard and in the section My projects will click on the button  **Add Project**

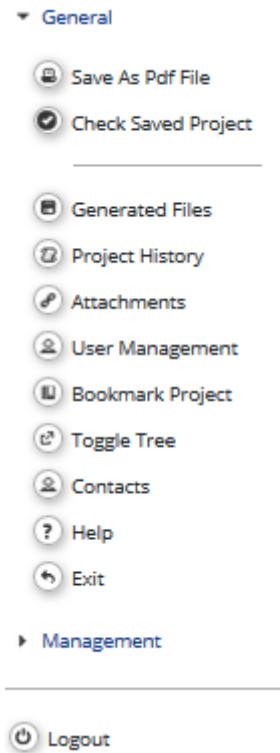

The system will open the Call function from where the applicant will choose the appropriate open Call (the button  **Apply** is active) and click on it to open the AF.

Calls

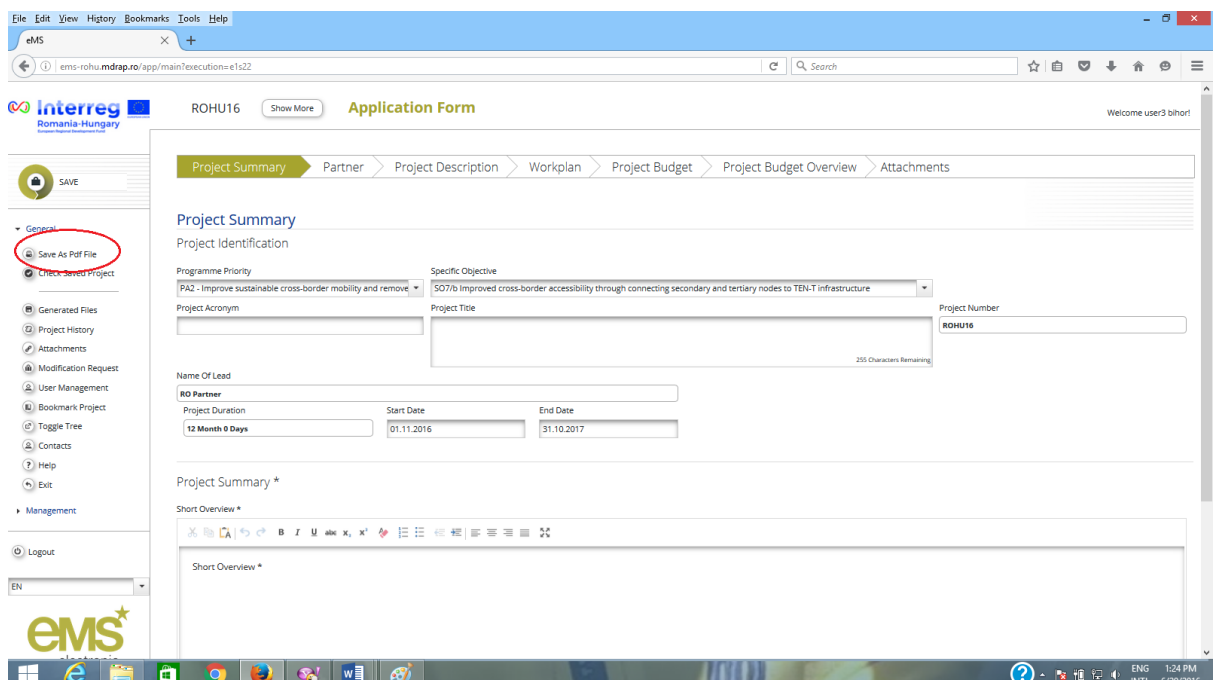

Name	Start	End	Description	Attachments	
Call test 1	09.03.2016	30.03.2016	Call test		 Apply
Call test 2	01.03.2016	31.03.2017	call test 2		 Apply

2. After click on the  **Apply** button, the system will open the AF section with a save but  **SAVE**, two menus *General and Management* in the left side of the screen and sections (tabs) of the AF in the upper part.

- i. **General menu** includes the following functions: *Save As Pdf File, Check Saved Project, Generated Files, Project History, Attachments, User Management, Bookmark Project, Toggle tree, Contacts, Help and Exit.*

- *Save As Pdf File* – by clicking on the  **Save As Pdf File** button the system generates a pdf file that brings all the data found in the AF. The system will inform the user with the message and the file can be found in the Generated Files section;

Please note that the creation of a pdf might require some time and consequently the pdf of the AF will appear in the file browser only after a certain time. Please wait until the pdf is available and do not press the “save as pdf file” button repeatedly, because this might slow down the eMS. Also, please note that you can create a pdf file of the AF at any time of its development!

- *Check Saved Project* – by clicking on the  **Check Saved Project** button the system performs several automatic checks of the formal requirements if there is the case. If all automatic checks are successfully passed, the message will be displayed;

Project Summary > Partner > Project Description > Workplan > Project Budget > Project Budget Overview > Attachments

Mod Number	Status	Date Of Approval Rejection	Valid Af	Type Of Modification	Who Decided	Date Of Signature Of Subsidy Contract	Number Of Contract Amendment	Comment	Attachment	Attachment Description	Attachment Upload Date	Attachment Uploaded By	Compare
0	CHECKED												

Save

Please note that in the case of automatic checks showing deficiencies, the system indicates an error message on top of the page and the user should amend the AF accordingly.

Project Summary > Partner > Project Description > Workplan > Project Budget > Project Budget Overview > Attachments

Mod Number	Status	Date Of Approval Rejection	Valid Af	Type Of Modification	Who Decided	Date Of Signature Of Subsidy Contract	Number Of Contract Amendment	Comment	Attachment	Attachment Description	Attachment Upload Date	Attachment Uploaded By	Compare
0	CHECKED												

Save

- *Generated Files* – clicking on the  **Generated Files** button, the system will open a window where are listed all the pdf files of the AF generated after clicking the  **Save As Pdf File** button.

Generated Files

Filename ⇅	Type	Size ⇅	Last Change ⇅

- *User Management* – clicking on the  **User Management** button, it opens a function that allows the Lead Applicant to add other users (namely Reader or Co Worker) with read-only access by clicking on the  **Add For Reading** button, or editing access by clicking on the button  **Add For Modification** in the AF sections.

Project Summary > Partner > Project Description > Workplan > Project Budget > Project Budget Overview > Attachments

User Project Mapping

New User

 **Add For Reading**  **Add For Modification**

Assigned User

User Name	Role	Option
firstname.lastname	Applicant	 Remove

Please note that the users have to be registered in the system before and the Lead Applicant should know exactly their usernames in order to be added in the field:

New User

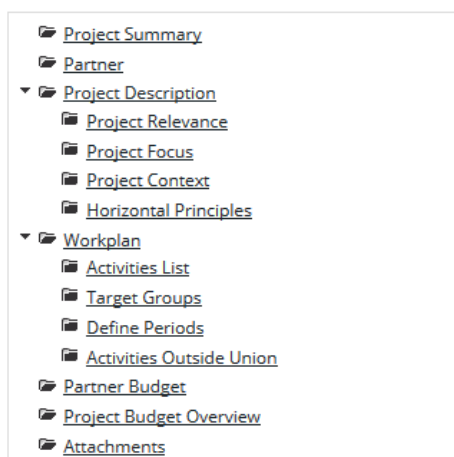

The user rights granted by the Lead Applicant for his partners will only be available until the submission of the application or until the deadline of the call.

In case the project is selected for funding, a new assignment of the users must be made for every project partner after the contracting phase, in order to have access in reporting section of the project.

- *Bookmark Project* - by clicking on the  **Bookmark Project** button the system will bookmark the project and it will change the button in used to un-bookmark the respective  **Unbookmark Project** project
- *Toggle Tree* - the  **Toggle Tree** button will activate a tree menu with all the sections and subsections of the AF in the upper right corner

- *Contacts* - this  **Contacts** button will pop up a window with a list of all project contacts assigned for the respective project. Also, this function allows to send e-mails to the project contacts by clicking the  **Send** button after selecting the username.

Please note that the list will be updated while more users are assigned to the project!

- *Help* – this  **Help** button is a contextual menu and will open a popup window with a description of the section selected by the user.
- *Exit* – the  **Exit** button will return the user to the dashboard where it can be seen the list with all the projects recorded by the Lead Applicant in eMS.

ii. Management menu has only the function of deleting the project at this stage

 **Delete Project**

Please note that the applicant cannot delete the application after submission!

After the Lead Applicant (or other user with granted access) fills in all the sections and subsections of AF, the application has to be checked by clicking on  **Check Saved Project** the button and then submitted by  **Submit Checked Project**

If any issues are found after clicking button  **Check Saved Project such as missing or wrong data, you will need to correct this before you can save and check it again.**

Before submitting the application the system will pop up a confirmation message to warn the Lead Applicant that process is irreversible.

Also, the Lead Applicant will be notified by e-mail that the application was successfully submitted.

My Mailbox		
 Go To Mailbox		
Inbox ⇅	Subject ⇅	Date ▼
admin	Application Submitted	13.06.2016 11:15:05

Please note that only the user who initially created the AF (i.e. the Lead Applicant) can submit the AF of the project.

The AF which has been successfully submitted is final and cannot be changed anymore (it will only appear in read-only mode in the system).

You can submit the application until the time and date of the call deadline, Bucharest time (EET). Please take time zone differences into account!!!

PART D – How to fill in the application form (AF)

The AF has to be filled in English as this is the working language of the programme.

The structure (and content) of the AF is as follows:

1. *Project Summary*
2. *Partner*
3. *Project Description*
4. *Workplan*
5. *Project Budget*
6. *Project Budget Overview*
7. *Attachments*

Please note that in order to fill in the AF the Lead Applicant has to follow the arrows, section by section (starting with the Project Summary section and finishing with the Attachments)!

Project Summary

Partner

Project Description

Workplan

Project Budget

Project Budget Overview

Attachments

Section A: Project Summary

This is the starting point for the application form. The application will not be created until this first tab in the application form has been completed and saved. You will then have access to the other tabs.

After completing the first tab “Project summary”, click on **“Save”** button in the top-left corner.

The screenshot shows the eMS Application Form interface. At the top, there is a navigation bar with the 'SAVE' button highlighted by a red arrow. The main content area is titled 'Project Summary' and contains several input fields for project identification, including Programme Priority, Specific Objective, Project Acronym, Project Title, Project Number, Project Duration, Start Date, and End Date. The Project Number field is populated with 'ROHU'. The Project Summary section includes a 'Short Overview' text area.

Congratulations, you have now created a project!

The screenshot shows the eMS Application Form interface after the project has been created. A red circle highlights the 'Project number' field, which now contains the value 'ROHU16'. The 'Project Created' status is visible in the top right corner. The main content area is titled 'Project Summary' and contains several input fields for project identification, including Programme Priority, Specific Objective, Project Acronym, Project Title, Project Number, Project Duration, Start Date, and End Date. The Project Number field is populated with 'ROHU16'. The Project Summary section includes a 'Short Overview' text area.

After completing other sections in the application form, this tab will show a complete project summary.

The tables contain the name of the AF fields and instructions regarding the information to be fill in.

Please note that the fields may differ, according to the Call configuration!

Fields name	Fill in instructions
<i>Project Identification</i>	
Programme Priority:	Indicate which Priority Axis of the Programme the project aligns with.
Specific Objective:	Select one specific objective your project is contributing to.
Project Acronym	Abbreviation of the project name.
Project Title	State the title of the project. This will be the official name of the project during its implementation.
<i>Project Number (autonumber)</i>	
Project Duration	Indicate the number of months.
Start Date	Indicate the expected start date of project activities.
End Date	Indicate the expected end date of project activities.
<i>Project Summary</i>	
Short overview	<p>This summary delivers the first impression of the project. In case the project is approved, this summary will also be used by the programme for communication purposes, therefore make sure the text will be understandable by a non-expert audience and will be informative and appealing.</p> <p>Please give a short overview of the project and describe - the common challenge of the programme area you are jointly tackling in your project; - the main overall objective of the project and the expected change your project will make to the current situation; - the main outputs you will produce and who will benefit from them; - the approach you plan to take and why is cross-border/ transnational approach needed - what is new/original about it?</p>

The application form can only target one priority axis and one programme specific objective of the Interreg V-A Romania-Hungary Programme.

Section C: 1-5: Project Description

Section C.1 Project Relevance

The screenshot shows the 'eMS' application form for 'ROHU16'. The 'Project Description' tab is active, and a dropdown menu is open, highlighting 'Project Relevance'. The form contains several text input areas with rich text editors, including 'Territorial Challenge Description', 'Project Approach Description', 'Cooperation Reason Description', and 'Cooperation Criteria Description'. A 'SAVE' button is visible in the top left corner of the form area.

Fields name	Fill in instructions
<i>Territorial Challenge</i>	
What are the common territorial challenges that will be tackled by the project?	Please describe the relevance of your project for the programme area in terms of common challenges and/or joint assets addressed?
<i>Project Approach</i>	

What is the project`s approach in addressing these common challenges and/or joint assets and what is new about the approach the project takes?	Please describe new solutions that will be developed during the project and/or existing solutions that will be adopted and implemented during the project lifetime and in what way the approach goes beyond existing practice in the sector/ programme area/participating countries.
<i>Cooperation Reason</i>	
Why is cross-border cooperation needed to achieve the project`s objectives and result?	Please explain why the project objectives cannot be efficiently reached acting only on a national/regional/local level and/or describe what benefits the project beneficiaries/target groups/ project area/programme area gain in taking a cross-border approach.
<i>Cooperation Criteria²</i> Please select all cooperation criteria that apply to your project and describe how you will fulfil them.	
Development	A short description of the cooperation criteria.
Implementation	A short description of the cooperation criteria.
Staffing	A short description of the cooperation criteria.
Financing	A short description of the cooperation criteria.

Please click **SAVE button before leaving the page!!!**

² Please see chapter 2.2.1.2 Eligibility of actions (projects) from Guide for Applicants (The importance of the cross-border approach to the topic addressed should be clearly demonstrated. In this matter, at least 3 (from 4) cooperation criteria shall be fulfilled: joint development, joint implementation, joint staffing and joint financing.)

Section C.2 Project Focus

Fields name	Fill in instructions
<i>Programme Priority Specific Objective ... (automatically shows selected specific objective)</i>	
Project Main Overall Objective	What is the main overall objective of the project and how does it link to the programme objective? Specify one project main objective and describe its contribution to the programme priority specific objective.
<i>Programme Result Header</i>	
Programme Result Header Description	This field is automatically linked to your selected specific objective.
<i>Project Main Result Header</i>	
Project Main Result Header Description	What is/are the projects main results and how does it they link to the programme result indicator? Specify your one or more projects main result and describe its their contribution to the programme result indicator.
<i>Project Overall Objectives Header</i>	
Project Overall Objectives Header Description	Which are the specific objectives the project will be working towards? Define max. 3 project specific objectives
<i>Durability And Transferability Of Main Outputs</i>	
Durability Description How will the project ensure that project outputs and results have a lasting effect beyond project duration?	Please describe concrete measures (including institutional structures, financial resources etc.) taken during and after project implementation to ensure and/or strengthen the durability of the project outputs and results. If relevant, explain who will be responsible and/or who will be the owner of results and outputs.

<p>Transferability Description How will the project ensure that project outputs and results are applicable and replicable by other organizations/ regions/ countries outside of the current partnership?</p>	<p>Please describe to what extent it will be possible to transfer the outputs and results to other organizations / regions/ countries outside of the current partnership.</p>
---	---

Please click **SAVE** button before leaving the page!!!

Section C.3 Project Context

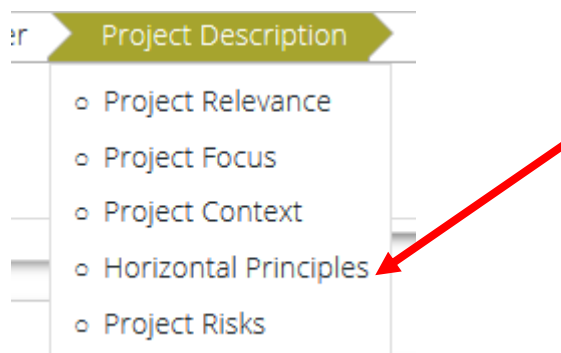

Fields name	Fill in instructions
<p>Project Context Description How does the project contribute to the wider strategies and policies?</p>	<p>Please describe the project's contribution to relevant strategies and policies; in particular, those concerning the project or programme area.</p>
<i>Indicate Header</i>	
<p>EU Strategy for the Danube Region</p>	<p>If applicable please select and a short description</p>
<i>Synergies</i>	

Synergies Description	What are the synergies with past or current EU and other projects or initiatives the project makes use of?
Knowledge	
Knowledge Description How does the project make use of building available knowledge?	Please describe the experiences/lessons learned the project draws on, and other available knowledge the project capitalizes on.

Please click **SAVE** button before leaving the page!!!

Section C.4 Horizontal Principles

Description

Sustainable development (environment)
neutral

Equal opportunity and non-discrimination
neutral

Equality between men and women
neutral

Increased use of sustainable procurement
neutral

Usage of green infrastructure
neutral

Consideration of life cycle costs of investm
neutral

 Save

The horizontal principles must be incorporated in every project and at all stages. Understanding and demonstrating equality issues and sustainability is highly relevant to all applicants and will influence the assessment process.

Fields name	Fill in instructions
Sustainable Development (environment)	Please list your project's contributions to the horizontal principle, and indicate whether your choice is neutral or positive.
Equal opportunity and non-discrimination	Please list your project's contributions to the horizontal principle, and indicate whether your choice is neutral or positive.
Equality between men and women	Please list your project's contributions to the horizontal principle, and indicate whether your choice is neutral or positive.
Increased use of sustainable procurement	Please list your project's contributions to the horizontal principle, and indicate whether your choice is neutral or positive.
Usage of green infrastructure	Please list your project's contributions to the horizontal principle, and indicate whether your choice is neutral or positive.
Consideration of life cycle costs of investment	Please list your project's contributions to the horizontal principle, and indicate whether your choice is neutral or positive.

Please click **SAVE** button before leaving the page!!!

Section C.5 Project Risks

The screenshot displays the 'eMS' application interface for 'Romania-Hungary'. The user is logged in as 'user3 bihor'. The navigation bar shows the following tabs: Project Summary, Partner, **Project Description** (highlighted with a red arrow), Workplan, Project Budget, Project Budget Overview, and Attachments. The 'Project Description' tab is active, showing the 'Project Risks' section. The 'Project Risks' section includes a 'Description' field and a 'Risk 1' form. The 'Risk 1' form has the following fields: Start Date, End Date, Risk Impact (set to 'low'), Risk Likelihood (set to 'not likely'), Title, Project Description (with a 255 character limit), and Project Mitigation (with a 255 character limit). A 'Save' button is located at the bottom left of the form, and 'Delete Risk' and 'Add Project Risk' buttons are at the bottom right. The sidebar on the left contains a 'SAVE' button and a list of management actions: General, Save As Pdf File, Check Saved Project, Generated Files, Project History, Attachments, Modification Request, User Management, Bookmark Project, Toggle Tree, Contacts, Help, Exit, and Management. The bottom of the screen shows the Windows taskbar with various application icons and the system clock indicating 12:18 PM on 6/29/2016.

Fields name	Fill in instructions
Risk 1	Please list your project's risks
Start date	Type the start date
End date	Type the end date
Risk impact	Please select from the list
Risk likelihood	Please select from the list
Title	Type the risk title
Risk description	Please describe the project risk
Risk mitigation	Please describe the project risk mitigation

Please click **SAVE** button before leaving the page!!!

Section D: Workplan

Section D.1. WorkPackage List

In addition to project description in Part C, all projects are requested to submit a description of the different work packages that the project partners have developed to structure their activities. The information entered in this section will form the basis for the project monitoring.

One standard work packages have been pre-defined:

□ Work package 1, "Project Management", consists of operational and strategy activities such as governance, daily management of the project and reporting and monitoring.

To edit the workpackage, click on the magnifying glass.

Work packages 2-7 are project specific, and should include descriptions of all other activities.

After filling in the work packages, a Gantt chart will appear at the bottom of this page. This is considered to be an indicative plan and the Joint Secretariat will exercise flexibility (within reasonable limits) when monitoring project activities.

Please note that there are two options for defining workpackages:

- 1. At project level: WP Preparation, Management and Communication**
- 2. At partner/ type of activity level: WP Implementation and Investment**

WorkPackage Preparation

To activate the Work Package Preparations please click on the q sign (magnifying glass)

The screenshot displays the eMS (electronic monitoring system) application interface. The browser address bar shows the URL 'ems-rohu.mdap.ro/app/main?execution=e1s13'. The page title is 'Application Form'. The breadcrumb navigation shows 'Project Summary > Partner > Project Description > Workplan > Project Budget > Project Budget Overview > Attachments'. The 'Workpackage List' section has a 'PREPARATION' tab selected. A red arrow points to a magnifying glass icon in the 'Create Preparation' field. Below this, there is a 'MANAGEMENT' section with a table showing dates from June 2016 to July 2016. The 'Timeline' section at the bottom shows a Gantt chart with dates from June 29 to July 5. The footer includes the eMS logo and the text 'developed by'.

Fields name	Fill in instructions
<i>Wp Details</i>	
Wp Start	Please insert the start date of the preparation activities ³
Wp End	Please insert the end date of the preparation activities ⁴
Partner	Please select the partners with preparation activities
<i>Summary</i>	
Summary Description	Please describe briefly the project preparation activities for each partner.

Please pay attention to Start Date and End Date of the preparation activities because they will define period 0 of the project.

Please click **SAVE button before leaving the page!!!**

³ Starting with 1st of January 2014

⁴ The end date of the preparation activities is the submission date of the application form

WorkPackage Management – Standard

To activate the Work Package Management, please click on the **q** sign (magnifying glass)

The screenshot shows the 'Application Form' for 'ROHU16' in the 'Workplan' tab. The 'Workpackage List' section has a 'PREPARATION' dropdown set to 'Create Preparation'. Below it, the 'MANAGEMENT' section shows 'Management' selected for 'Jun.2016' and 'Jun.2018'. A red arrow points to a magnifying glass icon in the 'Workpackages Defined' section, which also includes 'New Implementation' and 'New Investment' options. A 'Timeline' table is visible below, showing dates from June 29 to June 5, 2016, with 'WP M: Project Management (Management)' listed. The left sidebar contains various navigation options like 'Save As Pdf File', 'Check Saved Project', and 'Generated Files'. The bottom status bar shows 'EN' and system time '12:21 PM 6/29/2016'.

This screenshot shows the 'Management M' details page. At the top left, a green 'SAVE' button is visible. The 'Wp Details' section shows 'Project Management' with 'Wp Start Jun.2016' and 'Wp End Jun.2016'. The 'Partner' section includes a 'Wp Responsible Partner Selection' dropdown and a 'Partners Involvement Section' table with columns for 'Name', 'Role', and 'Abbreviation'. The 'Description' section has a text area for 'Activities Contribution Strategy' with a '1000 Characters Remaining' indicator. The 'Activity A.M.1' section includes fields for 'Activity Title', 'Start Date', and 'End Date'. The left sidebar is similar to the previous screenshot, and the bottom status bar shows 'EN' and system time '12:23 PM 6/29/2016'.

Fields name	Fill in instructions
<i>Partners</i>	
Select the WP Responsible Partner	Please choose the partner responsible for the Work Package from the list.
Select Partners Involved	Please select other partners involved.
<i>Description</i>	
Describe how the management on the strategic and operational level will be carried out.	Please describe how the management on the strategic and operational level will be carried out in the project, specifically: structure, responsibilities, procedures for the day-to-day management and co-ordination and communication within the partnership reporting and evaluation procedures risk and quality management. Indicate whether the management is foreseen to be externalized.
<i>Activity A.M.1... (autonumber)</i>	
Activity Title	Fill in the activity title for each partner (at least one activity for each partner)
Indicative budget	Fill in the budget for the activity (management team at partner level)
Start Date	Enter the envisaged start date for the activity
End Date	Enter the envisaged end date for the activity.
<i>Activity Description</i>	
Description	Please give a brief description of the activity. Describe the role and responsibilities for each management team member (indicating the number of

	hours/day or month/member team) for each partner. Make sure you indicate the estimated budget/activity. In case of partner meetings and other project events, please indicate where they are envisaged to take place.
Add Deliverable	Click on this button to add deliverable.
Deliverable D.M.1 + Target Value	Please describe the deliverable and the target value if there are any.
Add Activity	Click on this button to add more activities.

E.g.:

- Activity AM1 – The management team of the LP
- Activity AM2 – The management team of the PP2
- Activity AM3 – The management team of the PP3 ...
- Activity AM4 – Meetings of the management team, etc.

The activities and the related staff costs for the internal experts (others than the management team) members of the implementation of the projects, will be detailed under *Work Package Implementation / Work package Investment*, within budget line *Staff costs*.

Please click **SAVE button before leaving the page!!!**

Work Package Communication

Work package, "Communication", consists of external communication, and all other tasks associated with *the* project's outward project communication activities, dissemination tools, and associated communication deliverables.

To activate the Work Package Communication, please click on the + sign.

Title	Please give a short title to the Work Package.
<i>Partners</i>	
Select the WP Responsible Partner	Please choose the partner responsible for the Work Package from the list.
Select Partners Involved	Please select other partners involved.
<i>Summary Implementation</i>	

Please give a summary description of the work package and its objective. Please specify to which project objective it contributes.	It is important that the reader of the application understands the purpose of the work package to achieve the overall project objectives.
<i>Main Outputs</i>	
Output O.T1.1... (autonumber)	Projects are expected to deliver viable products and services, whose impact should contribute to programme level results. Each of the Investment priority have been designed to focus project applicants on delivering tangible, durable outputs, assisting the delivery of the programme's ambitions of measurable positive changes in the Programme area. Each project's intended results and outputs are expected to facilitate the changes sought by the Interreg V-A RO-HU Programme.
Title	Please give a short title for the product or service.
Define the product/service that will be developed by the end of the project.	It is important that the reader of the application understands what viable outputs the project will deliver.
Output indicator: choose the corresponding output Indicator, to which the product/service will contribute (if the case).	Programme Output indicators have been developed to express and measure project outputs. They are dependent on the selected Investment priority. All Output indicators are collected at project level and aggregated at programme level. Click Remove Output button if not applicable.
Date	Indicate the month when the output is expected to be available.
Quantity	Quantify the contribution to the output indicator. This is a target value for the entire project.
<i>Activity A.T1.1... (autonumber)</i>	
Activity Title	Please give a short title to the activity.
Start Date	Enter the envisaged start date for the activity.
End Date	Enter the envisaged end date for the activity.
Activity Description

Deliverable D.T.1.1... (autonumber)	Please only list the major milestone deliverables, such as studies, reports, etc.
Title	Deliverable title.
Target Value	How many deliverables does the project plan to deliver?
Description	Give a brief description of the deliverable.
Delivery Month	Indicate the month when the deliverable is expected to be available.

Add Deliverable	Click on this button to add more deliverables under this activity.
Add Activity	Click on this button to add more activities.

The equipment mentioned under the present WP shall be related to project implementation activities.

Attention! In case there are deviations from the estimated amounts for the planned activities, in order to ensure the project's sound financial management and focusing on reaching the envisaged output indicators, the Programme recommends these are of maximum 20%. However, in case such deviations occur, the budget chapters shall not be affected.

Be advised that the Application Form is structured based on work-packages, which comprise activities and sub-activities, either on project level (WP Preparation, Management and Communication) or on partner level (WP Implementation and Investment). For each activity/sub-activity you shall provide enough details in terms of methodology of implementation, estimated deliverable and indicative budget.

If summed-up, all the indicative amounts on activity/sub-activity level equal the related budget chapter, on partner level. Consequently, the summed-up partners' budgets equal the project budget.

According to the Subsidy Contract, any modifications of the budget lines (in this case to be read as chapters) will require addenda. However, the subdivisions (activities/sub-activities) budgets can, therefore, as already explained, be modified up to a threshold of maximum 20%.

Please click **SAVE button before leaving the page!!!**

Work Package Investment⁷ – Project Specific

To activate the Work Package Investment, please click on the + sign.

The screenshot shows the eMS Application Form interface for project ROHU17. The 'Workpackage List' section is active, displaying a table with columns for 'MANAGEMENT', 'New Implementation', 'New Investment', and 'COMMUNICATION'. A red arrow points to the '+' icon in the 'New Investment' button. The 'Timeline' section below shows a calendar view for June 2016, with dates from Wednesday, June 29, to Tuesday, July 5, 2016. The 'WP M: Project Management (Management)' row is highlighted. The left sidebar contains navigation links for General, Management, and Logout. The bottom status bar shows the user is logged in as 'user3 bihor'.

The screenshot shows the eMS Application Form interface for project ROHU17, specifically the 'Investment I1' section. The 'Wp Details' section is highlighted in pink and contains fields for 'Title', 'Wp Start Jun.2016', and 'Wp End Jun.2016'. Below this, the 'Partner' section includes a 'Wp Responsible Partner Selection' dropdown and a 'Partners Involvement Section' table. The 'Summary Investment' section includes a 'Summary Investment Description' text area. The left sidebar contains navigation links for General, Management, and Logout. The bottom status bar shows the user is logged in as 'user3 bihor'.

⁷ The Workpackage Investment shall be define at partner level and investment type.

Section D.3. Define Periods

The screenshot displays the 'Define Periods' section within the eMS application. The breadcrumb trail indicates the user is in the 'Workplan' section. The 'Define Periods' section shows a table with columns: (Automatic) Start Date, End Date, Reporting Date, and a Remove button. The first row shows dates 29.06.2016, 29.06.2016, and 29.06.2016. Below the table, there is a 'PROJECT END (31.10.2017)' section with an Add button. The left sidebar contains a 'SAVE' button and a list of menu items under 'General' and 'Management'. The bottom status bar shows the user is logged in as 'user3 bihort' and the date is 6/29/2016.

- after

In this section, you will define the reporting periods for the project. Important: the reporting periods form the basis for the project budget. If you do not create any periods, you cannot enter the project budget!

The reporting periods depends on project implementation period. Further to this, if you create the periods incorrectly (i.e. too many or too few periods), this will have major consequences for entering the budget data

Fields name	Fill in instructions
Add	Please click the + sign to create a new reporting period.
Start Date (automatic)	Period 0 represent preparation period. Period 1 starts with the project start date. Note: when you change the project start date, you have to refresh the reporting periods by clicking on "Recalculate Periods"
End Date	The end date should be set 3 month for projects under 18 months and 4 month for projects exceeding 18 months. The final period ends with the project end date.
Reporting Date	The reporting date is 15 working days after the end date of the reporting period. Note: the reporting date for the final report is 30 working days after the project end date!!!

Please click **SAVE** button before leaving the page!!!

Section E: 1-3. Project Budget

E1. Partner budget

The screenshot shows the eMS Application Form interface. The 'Project Budget' tab is selected, and a red arrow points to it. The 'Partner List' table is displayed, showing two partners: RO Partner and HU Partner. The 'Budget' column for each partner has two buttons: 'Define Budget' and 'Define Contribution'. These buttons are circled in red. The interface also shows a sidebar with various menu items and a top navigation bar with tabs like 'Project Summary', 'Partner', 'Project Description', 'Workplan', 'Project Budget', 'Project Budget Overview', and 'Attachments'.

Number	Name	Abbreviation	Role	Budget
1	RO Partner	RO P	Lead Partner	Define Budget Define Contribution
2	HU Partner	HU P	Project Partner	Define Budget Define Contribution

Note: For each partner, you should define BOTH the budget AND the contribution (match funding)! Remember that the project costs and the project finances should balance. You can check this on the tab "Project Budget Overview".

All costs for each partner must be entered per period and per workpackage.

Before you enter any costs, please double check, that the reporting periods are correct!

Partner contribution

The screenshot shows the 'eMS' application interface. The top navigation bar includes 'File', 'Edit', 'View', 'History', 'Bookmarks', 'Tools', and 'Help'. The main header displays 'Interreg Romania-Hungary' and 'Application Form'. The left sidebar contains a 'General' section with options like 'Save As Pdf File', 'Check Saved Project', 'Generated Files', 'Project History', 'Attachments', 'Modification Request', 'User Management', 'Bookmark Project', 'Toggle Tree', 'Contacts', 'Help', 'Export Budget', and 'Exit'. Below this is a 'Management' section with 'Logout'. The main content area shows a breadcrumb trail: 'Project Summary > Partner > Project Description > Workplan > Project Budget > Project Budget Overview > Attachments'. The 'Project Budget' tab is active, showing a 'Partner List' table. The table has columns: 'Number', 'Name', 'Country', 'Abbreviation', 'Role', and 'Budget'. There are two rows: '1' for 'RO Partner' and '2' for 'HU Partner'. The 'Budget' column for the first row shows a '+ Define Budget' button, which is circled in red. The 'Budget' column for the second row shows a '+ Define Contribution' button. The bottom status bar indicates 'ENG 12:58 PM INTL 6/29/2016'.

Number	Name	Country	Abbreviation	Role	Budget
1	RO Partner	ROMANIA	RO P	Lead Partner	+ Define Budget
2	HU Partner	ROMANIA	HU P	Project Partner	+ Define Contribution

To add the row for the State contribution, please click on the + sign.

Partner Contribution

Partner Contribution Rate

	Amount	Cofinancing Rate
Program Cofinancing	€ 0.00	85.00 %
Partner Contribution	€ 0.00	
Partner Total Eligible Budget	€ 0.00	

Source Of Contribution

Source Of Contribution	Legal Status	%of Total Partner Contribution out of 15%	Amount	Options
Lead Partner	public		€ 0.00	
State contribution	public	0.00 %	€ 0.00	+
Sub Total Public Contribution		0.00 %	€ 0.00	
Sub Total Private Contribution		0.00 %	€ 0.00	
Total			€ 0.00	
Total Target Value			€ 0.00	
Total Public Expenditure			€ 0.00	

Annotations:

- Own contribution**: Points to the 'Program Cofinancing' row in the first table.
- The + button to add the State contribution**: Points to the '+' button in the 'Options' column of the 'Source Of Contribution' table.
- State contribution**: Points to the 'State contribution' row in the 'Source Of Contribution' table.

Fields name	Fill in instructions
Partner Contribution Rate	It is automatically filled in.
<i>Source of Contribution</i>	
Source of Contribution + Amount	<p>First row must be fill in with partner's own contribution (2% in case of RO applicants, 0% in case of HU public authorities, 5% in case of HU private applicants, etc.).</p> <p>Please add State contribution by clicking the + button. Please specify the public source of funding in this case (13% in case of RO applicants, 15% in case of HU public authorities, 10% in case of HU private applicants, etc.).</p> <p>Please enter the amount in Euro!</p>
Target Value	This field indicates the expected amount of match funding contribution based on the partner's cost budget and the chosen intervention rate.

Please click **SAVE** button before leaving the page!!!

E.2. Activities Outside⁸

In this section, you will define the activities outside eligible area (if there are) and the related budget. Describe the location and how these activities will benefit the programme area. What is the added value of activities to be carried out outside (the Union part of) programme area?

Fields name	Fill in instructions
Project sphere	Select the area where your project activities will take place
Comments	Give some details on the location and activity
Activities Outside	Give details on the location and activities outside the eligible area
Total budget	Fill in with the total allocated amount for the activities in question
ERDF Outside	Fill in with the ERDF allocated amount for the activities in question

Please click **SAVE** button before leaving the page!!!

Section G: Attachments

The applicants can upload documents into eMS.

Click on the  **Upload** button to add new attachments.

The size of the file to be uploaded cannot exceed 50MB.

Not any format file can be uploaded!

The files extension recognized by eMS are: gif, jpeg, png, tiff, doc, docx, pdf, xls, xlsx, ppt, pptx, mp4, mov, avi, wmv, zip, rar.

Please click **SAVE button before leaving the page!!!**

PART E - Submitting the application

After completing the application form and attaching all necessary supporting documents, **you are recommended to save it as a Pdf File (menu item).**

Please verify the AF thoroughly!!!

Any mistake in filling in the AF observed after the submission of AF cannot be rectified and will lead to a lower score in assessment phase.

The screenshot shows the 'eMS' web application interface. The browser address bar indicates the URL 'ems-rohu.mdrp.ro/app/main?execution=e1s22'. The page title is 'Application Form'. The left sidebar contains a 'SAVE' button and a list of menu items: 'General', 'Check Saved Project', 'Generated Files', 'Project History', 'Attachments', 'Modification Request', 'User Management', 'Bookmark Project', 'Toggle Tree', 'Contacts', 'Help', 'Exit', 'Management', and 'Logout'. The 'Check Saved Project' option is circled in red. The main content area shows the 'Project Summary' tab selected. It includes fields for 'Programme Priority' (PA2 - Improve sustainable cross-border mobility and remove), 'Specific Objective' (S07/b Improved cross-border accessibility through connecting secondary and tertiary nodes to TEN-T infrastructure), 'Project Acronym', 'Project Title', and 'Project Number' (ROHU16). Below these are fields for 'Name Of Lead', 'Project Duration' (12 Month 0 Days), 'Start Date' (01.11.2016), and 'End Date' (31.10.2017). A 'Short Overview' section is also visible.

Before you are able to submit your application, you will need to click on **“Check Saved Project”** to activate the automatic checks. If any issues are found, such as missing or wrong data, you will need to correct this before you can save and check it again.

Only after all checks are okay, you will be able to submit your application by clicking the "Submit checked project" button.

If the application is successfully submitted the following message will be displayed on the screen:

After submission, you as the Lead Applicant will receive an automatic email confirmation.

Once submitted you are not able to make further changes to your application.

Note: You can submit the application until the time and date of the call deadline, Bucharest time (EET). Please take time zone differences into account!!!

After submitting the application the Lead Applicant will see the project status in the column "Project state" of the table "List Of Projects" as **Subm = Submitted**.

Now the application will enter in the assessment phase (Administrative and Eligibility Check) by the Assessment Working Group, while the Lead Applicant can check the status of the application

in the eMS (*My projects* section) and answer to the clarifications send by the members of the Assessment Working Group.

Please note that the clarifications will be send officially using the email section of the eMS as an attached letter of clarification and the Lead Applicant will respond only through email from eMS. Errata, amendments to the Application package which will be sent after the deadline without being explicitly requested shall not be considered.

We strongly advise you to keep an eye on your eMS email in order to be able to respond to any clarifications may be requested during the assessment phase!

PART F - Help and Technical Support

For any problems you might experience with the eMS, please contact the Joint Secretariat at joint.secretariat@breacoradea.ro or by telephone at +40 259 473 174 or +40 359 436 529 during office hours¹⁰.

Please note that the JS has maximum two days to respond to your request after the receipt of your email or phone.

In case of specific errors we will forward your problem to the INTERACT team!!!

¹⁰ Office hours means between 9.00 – 17.00 (EET)
